IKE ANNOUNCES VISIT TO NATO

Leader Praises County; Cites Road Projects

Some 1,100 persons heard Gov. George M. Leader praise the "economical and industrial development" of Westmoreland County at the 10th annual dinner-dance of the county's Young Democrats last night at William Penn Terrace near Delmont.

He said Westmoreland County is making "tremendous strides towards industrial developments while some other counties in the state are standing still."

The governor said he is proud of the Democratic party and its record, pointing out "the service we give our fellowman." He declared that the Democrats, among other things, have improved state mental health institutions with a detailed rehabilitation program and have "done much for your county."

Highway Program

He said the county has not been overlooked in the multi-million dollar highway program inaugurated in 1955. He added that some $17,000,000 has been spent on roads throughout the county, including the reconstruction of Route 31, relocation of Route 66, by-passes for Greensburg and Route 56 in New Kensington and modernization of Lincoln Highway going east.

At one part during his talk, Leader said an economic and industrial advance of "major" importance for the county would be announced within 48 hours. He said he was not at liberty to be specific about the "great news."

The governor apparently was referring to previously reported plans of Westinghouse Electric Corp. to build a multi-million dollar power circuit breaker plant in Trafford.

Speaks on Education

The governor also spoke on education. He said:

Only half of the crop from our high schools can go to college today. Even the middle income parents can no longer afford to send their youngsters.

"Yet education is our most precious resource. In an age crowded with new instruments, tools and new problems, we can not afford not to educate our young, and I want to pass the word along that America can't continue being strong unless America is educated, not just as good as Russia, but far better."

Also present at last night's affair were candidates for various county offices. Speaking briefly were Judges Edward G. Bauer and David H. Weiss, and District Attorney L. Alexander Sculco.

Weiss took advantage of the governor's presence to publicly thank him for "appointing me judge." Leader last August appointed Weiss to fill a common court pleas vacancy created by the death of Judge George H. McWherter. Weiss is now seeking a full term.

Andrew Kritsky, Monessen, president of the Young Democrats, delivered the welcome address. Edward Doran, assistant D. A., was toastmaster.

Czarist Secret Police Papers Are Turned Up

STANFORD, Calif. (UP)—Excited researchers pored today over a hoard of Czarist secret police documents whose existence has been a secret for more than 30 years.

The two-tor hoard of documents represents the Paris office file of the Okhrana, as the old Imperial Russian secret police was known.

The Okhrana was set up in 1883 and was closed in 1917 with the downfall of the Czarist government. During its lifetime, it kept tabs on Russian revolutionaries in Western Europe.

The Hoover Institution on the Stanford University campus dramatically disclosed the whereabouts of the file Tuesday. It was shipped to this country in 1926 in 16 sealed packing cases, bound with wire and lead seals.

C. Easton Rothwell, director of the institution, said it is the "largest Russian police archive outside the Soviet Union."

The Reds thought the files had been destroyed. It will come as a surprise to them that they are in California awaiting study by scholars, historians and others.

"Already we have found files of Trotsky, Molotov and Pilsudski," said Witold Sworakowski, assistant director of the institute.

Two Injured in Accident Here 'Up and Around'

Two youngsters who were slightly injured when a car in which they were riding was involved in an accident with an ambulance Monday afternoon are "up and around" their mother said today.

Donald 2, and Ronald 6, sons of Mr. and Mrs. Joseph Zborowski, 215 Seneca St, Monessen, were riding with their brother, Thomas, when the accident occurred about 4:45 p.m. Monday at the intersection of Schoonmaker Ave. Seneca St.

Police reports said the Zborowski machine was pulling out from Seneca St. onto Schoonmaker Ave. on a green light when it collided with an ambulance driven by Denver Rhome, 688 McKee Ave., Monessen. The ambulance, police said, had its red warning signal working and sirens open when it went through the intersection on a red light.

A stroke victim in the ambulance, Michael Lacanic, Union Hotel, First St., and Schoonmaker Ave., reportedly suffered no ill effects because of the crash. He was reported in "fair" condition today in Charleroi-Monessen Hospital.

The two youngsters suffered minor injuries.

Taxi Firm to Increase Rates

HARRISBURG (UP)—City Taxi, Monongahela, will raise base mileage rates from 10 cents a quarter mile to 25 cents a half-mile on Friday for rides in sections of Washington and Allegheny counties.

The firm also will increase the fares for any point-to-point trip over two miles in Monongahela from 50 to 65 cents. The company furnishes taxi service in the Monongahela and New Eagle areas of Washington County and in Forward Twp., Allegheny County.

The Public Utility Commission, which ruled the increase was justified, said the firm would receive about $1,400 additional revenue needed to meet higher operating costs.

Rummage Sale at United Presbyterian Church, 8th & Schoon., tomorrow 9 a. m.

BILLION $ QUESTION — Minnesota-born Jean Paul Getty, 64, named by Fortune magazine as the richest American, tells his recipe for making millions: "Don't try to and don't want to make money . . . You got to relax if you want to become a millionaire." Getty should know. His fortune, made of oil, is estimated from $700 million to a cool billion dollars.

16 Crewmen Lost in Crash Of Big Tanker

FLAGSTAFF, Ariz. (UP)— Air Force and civilian rescue teams today resumed the task of searching for bodies in the wreckage of a giant KC-97 tanker plane which was believed to be carrying 16 crewmen when it crashed into a mountain. The crash occurred in desolate country 40 miles north of here.

Eight bodies were spotted Tuesday by an advance rescue team which reached the scene several hours after the crash. It was feared that no one survived the crash.

The plane, from the 509 Aircraft and Engine Squadron at Walker Air Force Base, Roswell, N.M., slammed into Gray Mountain at the 1,500 foot level. The plane, used to refuel jet aircraft at high altitudes, left Roswell early Tuesday on a "routine training flight." Air Force officials disclosed that the plane reported no trouble prior to the crash Tuesday about 10 a.m.

The cause of the crash remained a mystery and was under investigation by the Air Force. The Weather Bureau said the plane might have tried to fly under a fog bank as heavy patches of fog were reported in the area early Tuesday.

Grand Jury Changes Mind in Donora Case

The November grand jury in Washington County changed its mind yesterday in a lottery case against a Donora man.

The jury heard the evidence yesterday morning, then returned a true bill against Peter Gurascio, charged with traffic in lottery tickets.

But in the afternoon, the jury asked that the case be returned.

At that time, the bill indictment was ignored.

Nine true bills were returned during the day, including one against Franklin D. Eddins, Donora, who is charged with lottery.

'Ike' Big Subject

CHARLOTTE, N.C. (UP)—The North Carolina Knights of the Ku Klux Klan announced today a cross burning and rally for Saturday night. Subject for discussion: "What shall we do with Ike?"

Big Halloween Parade Here Tomorrow Night

Thousands of persons are expected to line the downtown streets tomorrow night to witness the annual Monessen Halloween parade.

The parade, which will include nine floats, six marching musical units and hundreds of mummers, will begin promptly at 7:30 p. m., Edward Lhota, general chairman, said today.

The parade will form at Third St. and Schoonmaker Ave. From there it will move down Schoonmaker to First St., down First St. then up Donner to 10th St. and down Schoonmaker to Third St. Participants are asked to be at the starting point between 6:30 and 7 p. m.

Over $600 in prizes will be awarded by judges, led by Catherine Harris. The judges will be spotted at various points along the parade route. Final judging will be at Fourth St. and Schoonmaker Ave.

Organizations entering floats include American Legion Thomas McKee Post 28, Veterans of Foreign Wars Allison-Lescanac Post 1190, Beta Sigma Phi, Rotary Club, District Improvement Council, Junior Women's Club, Monessen Cheerleaders, Monessen Movie Club and Lions Club.

Music will be provided by Monessen, Rostraver Twp. and Donora High School bands, Monessen Boys Brigade and Fayette City drum and bugle corps and Donora Scottish Kilt band.

The event is being sponsored by the Merchants Group of the Chamber of Commerce, Lions Club and Fire Departments. Firemen are requested to meet at the Third St. fire station at 6:30 p. m.

Parliament In Israel Is Bombed

JERUSALEM, Israel (UP)—Extra security precautions were taken at the bomb-scarred parliament today for the swearing in of President Izhak Ben-Zvi for a second five-year term.

Police said the bomb attack in the Knesset Chamber Tuesday by a deranged young man appeared to have no political implications. However, they were not ruling out the possibility that the assailant, Moshe Ben Yaacov Duek, may have been used as a tool by some political group.

Premier David Ben-Gurion and four of his ministers were wounded when the home - made bomb exploded in the midst of the cabinet members seated at the government table on the floor of the chamber.

Shapiro Critical

Minister of Religious Affairs Moshe Shapiro was hit the hardest. He was reported in critical condition today after undergoing emergency operations for a brain concussion and the removal of bomb fragments from his stomach.

Ben-Gurion belied his 70 years by ducking like the old soldier he is when he spotted the bomb as it arched through the air from the public gallery. He received superficial wounds of the hand.

Foreign Minister Golda Meir was detained at the Haddassah Hospital after treatment for minor flesh wounds to her foot.

Flying fragments broke the right arm of Communications Minister Moshe Carmel and he was hospitalized. Health Minister I. Barzilai suffered leg burns from the explosion but returned to the Knesset after first aid treatment.

Two Others Injured

A woman member of parliament, Bebe Idelson, suffered minor scratches from fragments as did a spectator in the public gallery.

Following the initial panic caused by the blast, Duek was seized by two persons standing next to him. He offered no resistance then or when turned over to the police.

Duek had been released from a mental institution a year ago after several months detention. Previously he had been arrested—but released as mentally unfit to stand trial—for threatening harm to Israel's chief justice unless his case against the Jewish Agency was reopened.

Prosecution to Ask Jail Term For Girard

MAEBASHI, Japan (UP)—The prosecution will demand conviction and a prison term Thursday for S3C William S. Girard in the firing range death of Mrs. Naka Sakai last Jan. 30, court observers said today.

Newspapermen, both Japanese and foreign agreed that the procurator's office will ask between five and seven years imprisonment for the Ottawa, Illinois, GI when it makes it final summation at the Maebashi District Court Thursday.

Most observers believe the three-judge panel will let the 22-year-old Army truck driver off with a suspended sentence when it hands down its judgment sometime the early part of next month.

All indications are that both Japanese and Americans will be satisfied, though some Americans may feel that Girard deserves to spend some time in a Japanese prison for what he has done.

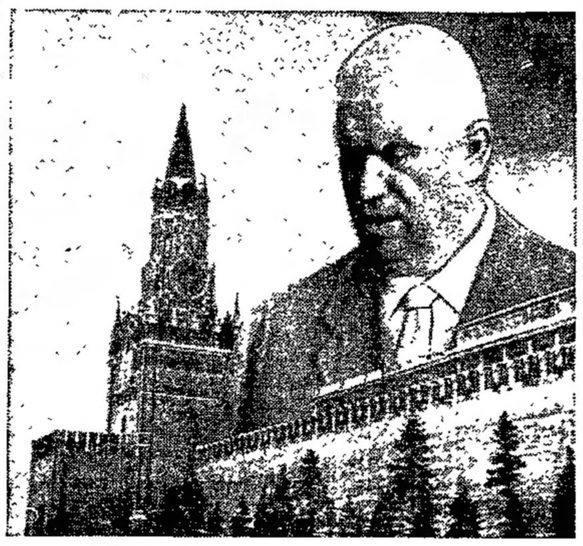
State Featured In Times Issue

A section of this Sunday's issue of The New York Times will be devoted to the commonwealth of Pennsylvania.

The 32 page, slick-paper tabloid has been prepared by the Pennsylvania Department of Commerce. Many of the pages are in color.

The purpose of the tabloid is to provide basic information which will be useful for industrial firms considering new plant locations. It is factual and the feature articles are by-lined by prominent experts in the various subjects discussed.

The Sunday Times has a total circulation of 1,306,077 copies, concentrated heavily among the highly industrialized states.



APPEARS TO BE BIG BOSS — Now Moscow's party boss, Nikita Khrushchev has emerged with just about as much power as Stalin had, if he can consolidate it. The future of Defense Minister Georgi Zhukov is still in doubt. Here is Khrushchev looking down on the Kremlin.

West Puzzled Over Future Soviet Course

LONDON (UP) — Western diplomats said today Nikita S. Khrushchev was fast emerging as the new Stalin. They expressed doubt and uncertainty on the future course of Soviet diplomacy.

Communists outside Russia appeared as uncertain as western observers just what the victory by Nikita S. Khrushchev over Marshal Georgi Zhukov will mean in future Soviet policy.

The most significant sign of uncertainty came from Belgrade where President Tito cancelled an expected visit to Moscow next week on the excuse he was suffering from acute lumbago.

Western observers quickly diagnosed the ailment as more political than physical and said the independent Communist leader apparently did not want to step into a factional fight even as observer.

U.S. officials said the Kremlin power struggle was unlikely to spark an East-West war.

No Final Action

Moscow information and dispatches to Communist newspapers in the West indicated the Central Committee of the Communist Party still had not taken final action on the deposed defense minister.

Khrushchev's remarks Tuesday night at a Turkish Embassy reception in the midst of Russia's threats of war in the Turco-Syrian crisis gave rise to speculation that the Communist leader might tone down talk of conflict in the Middle East.

He said things appeared to be brighter in the Syrian crisis and even said he believed there would be no war. And the very appearance at the reception was a surprise in view of Russia's current anti-Turkish campaign.

An indication that the West was disturbed by the future Soviet policy came Tuesday morning from Secretary of State John Foster Dulles in Washington.

West Alert Dulles Said

Dulles told a news conference the developments might indicate serious political and economic tensions in Russia and that the West was alert to the possibility that stiffened and more provocative external policies might be adopted to screen domestic troubles.

Khrushchev promised Zhukov a new job in his remarks during the Turkish reception but he still did not throw any light on whether Zhukov would retain his high party post as member of the Presidium.

Khrushchev said only Zhukov would be given a new job in line with his "experience and qualifications."

Official party spokesmen said almost the same thing of Vyacheslav M. Molotov, George Malenkov, Dmitri Shepilov and Lazar Kaganovitch when they were dismissed from their high posts for "anti-party" activities earlier this year.

Final Day for Free Chest X-rays

Today is the third and final day to take advantage of the free chest x-rays being sponsored by the Monessen Lions Club.

The mobile unit located at Sixth St. and Donner Ave. will remain open until six o'clock this evening.

A total of 748 persons were x-rayed Monday and yesterday, Paul Lucas, chairman, announced.

See STIESKA political ad on page 7.

Four Russian Embassy Workers Visit in State

UNIVERSITY PARK, Pa. (UP) —Four Russian embassy employes close their tour of 11 eastern cities today with a visit to Pennsylvania State University and, Williamsport, Pa.

The visitors, attached to the Soviet embassy in Washington, toured Altoona Tuesday.

They attended a luncheon at the Altoona Rotary Club, toured the newspaper plant of the Mirror Publishing Co., visited Penn State's Altoona Center and then joined the local Optimist Club at a joint dinner with several other service clubs.

At the editorial offices of the Altoona Mirror, the Russians watched with interest as the United Press news wire carried a bulletin on the bombing at the Israeli Knesset (parliament). The Russians refused comment on the incident but expressed amazement at the speed with which the news was carried on the UP circuits.

Speeding Curb Planned Here

Chief of Police Michael Kuvinka said today that police have been instructed to make frequent patrols to curb speeding on streets now carrying heavier traffic because of the detours set up during the current improvement program for Schoonmaker Ave. from Sixth to 17th streets.

He said particular attention will be paid to Third St., Monessen Blvd. and State Rd.

Kuvinka said police will also be on the lookout for speeding motorists on Donner and Schoonmaker avenues.

Zinc Works Begins Shutdown on Saturday

Departments at the Donora Zinc Works will begin suspending operations on Saturday, it was announced today.

By the end of November, all departments — with the exception of the acid plant — will be closed.

The Zinc Works, operated by the American Steel and Wire Co., a subsidiary of United States Steel Corp., was ordered closed earlier this year by company officials who described the plant as "outmoded."

A spokesman for the company said that the spelter furnaces, gas producers, boilers and dross plant will shut down Saturday.

The tentative schedule calls for the roasters to close either Saturday or Sunday. The yard department will suspend operations on Sunday.

The sintering plant will go down on Nov 5 and 6. The wet plant will follow on Nov. 13 and 14 and the waelz oxide will close Nov. 30

The spokesman said the schedule is tentative and subject to some minor changes.

The acid plant will continue to operate. About 100 men will be employed in that department.

Approximately 300 men will lose jobs as a result of the scheduled shutdowns. Some of them have been offered employment in other U.S. Steel plants, especially the new sintering operations at Saxonburg near Butler.

"Frankly, the employment situation is complicated by the slack operations at our steel plant in Donora," explained the company spokesman.

The 100 men who will remain to operate the acid plant were selected on the basis of department seniority. All workers have been notified of their employment status, the company said.

Easing the layoffs will be more than a million dollars in supplemental unemployment benefits

See DONORA—Page 2

To Meet with Leaders from Both Parties

WASHINGTON (UP) — President Eisenhower announced today he plans to go to Paris in December to join other heads of government at the annual meeting of the NATO council.

The President said that before going to Paris he will confer with Republican and Democratic congressional leaders. The congressional conferences, he said, would be designed to keep this country on a single track in its foreign relations.

While in Europe, the President said he also would like to visit London, but he did not know whether the London visit could be arranged because of the difficulties involved in his remaining out of the country for any length of time.

The President announced his Paris trip at a crowded news conference, his first in three weeks.

Other news conference highlights:

—He said the Little Rock school integration crisis seems to be improving daily and he hopes the situation soon will be such as to permit removal of all federal forces.

—He advised American housewives to buy less in an era of rising prices and buy more during downward price trends.

—He did not know whether Georgi K. Zhukov, ousted as Soviet defense minister, had been down-graded, but the President thought the frequency in changes among the Soviet ruling group since the death of Stalin was extraordinary.

—The President expects to make an announcement soon on the first in a series of speeches designed to build up public confidence in American scientific and defense programs, foreign policy and the national economy.

—Because of an unusually busy November ahead of him, he thought he might have to cancel plans for his customary autumn golfing holiday at Augusta, Ga.

—He said there had been no hitch in the appointment of the Civil Rights Commission provided by the last Congress, but that he was moving slowly in an effort to get the best possible men of national stature for the commission.

—He had a resounding endorsement for Malcolm S. Forbes, Republican candidate for governor of New Jersey. Forbes, a New Jersey state senator, is attempting to unseat the incumbent Democrat, Robert B. Meyner. The President said Forbes is a fine man and would make a good governor.

—The President said all civilized people deplored Tuesday's bombing attack on Prime Minister David Ben-Gurion and four of his ministers in the Israeli parliament. He expressed gratitude that the bombing produced no fatalities.

A Mean Trick

MILWAUKEE, Wis. (UP)— Zoo officials oiled and canned 2,100 pounds of polar bear and exported it to another zoo Tuesday. Three polar bears were lured into steel crates with cod liver oil, then sent to their new home in Jackson, Miss.

Van Zandt Takes Opposition to Graham Statement

WASHINGTON (UP)—A congressman who toured Russia recently bristled today there is "nothing" to a report relayed by Evangelist Billy Graham that some officials in the Kremlin want a Soviet attack on the U.S. in two years.

Rep. James E. Van Zandt (R-Pa.) said the evangelist "would be better off sticking to religion."

Graham said last Sunday in New York "I was told two weeks ago by a member of . . . Congress that there is a strong element in the Kremlin that believes Russia should attack the United States within the next two years. We don't know what is coming."

Graham did not identify the congressman.

Van Zandt, a member of the Joint Congressional Atomic Energy Commission, said he participated in all conversations with his group while in Russia for seven days.

"At no time did I hear such a statement nor observe any indications that such a statement had any foundations," Van Zandt said of Graham's report.

The congressman said the people he talked to gave him the impression the Kremlin is "fully familiar with the capacities of nuclear war and its destructive effects." He said the discussions took into consideration "the fact dictators in moments of peril might launch some desperate move."

But, he said, "in the eyes of all I talked to the dictators of Russia are not anxious for any such thing."

Separate Talks Are Planned in Transit Dispute

PITTSBURGH (UP) — Federal and state mediators today arranged separate meetings with both sides in renewed efforts to end the city's 17-day transit strike.

Federal Mediator G. Harry Young, who returned here from Harrisburg Tuesday, and State Mediator Joseph Bach were to meet separately with representatives of Pittsburgh Railways Company and Division 85, Amalgamated Association of Street, Electric Railway and Motor Coach Employes.

The union represents the company's 2,200 trolley and bus operators who went on strike Oct. 14 in a wage contract dispute.

Meanwhile, the Public Utility Commission ruled out any possibility of a move against the strike-bound transit firm on grounds it has failed to fulfill its mass transportation permit.

Gilbert Teitel, union business representative, had raised the question of whether the company was fulfilling its "charter rights." He suggested the PUC investigate the matter.

PUC sources said the company is "ready, willing and able" to furnish service and is "shut down through no fault of its own."

Man Killed in Crash on 'Pike

MT. PLEASANT, Pa. (UP) — Harold L. Ehman, 46, Newburg, Cumberland County, was killed Tuesday night when his car crashed through a guard rail near the Donegal Interchange of the Pennsylvania Turnpike.

Ehman was pronounced dead on arrival at Frick Memorial Hospital here with a skull fracture.

U.S. to Lift Ceilings on Missile Funds

WASHINGTON (UP) — The administration made clear today it doesn't want to be accused of pennypinching America's effort to best Russia in space weapons.

A step by Defense Secretary Neil H. McElroy toward lifting the government's spending ceiling to keep from jeopardizing "essential programs" was concurrent with the blossoming of a fourth congressional investigation of the U. S. missile program.

Further administration intention for dealing with the new Soviet weapons challenge were expected to be detailed during President Eisenhower's news conference.

Ike Under Pressure

The President has been under continuing Congressional pressure to step up the U.S. ballistic missile development pace and satellite program.

The House Manpower Subcommittee became the fourth congressional group to look into the missile setup, seeking to learn whether it has been hampered by waste of scientific talent.

McElroy gave a clear indication Tuesday he expects defense spending to exceed its 38 billion dollar limit. He said during the last half of 1957 expenditures would be likely to hit $19,400,000,000.

This is 400 million dollars more than the ceiling imposed by his predecessor, Charles E. Wilson.

On Monday McElroy revoked another Wilson order and restored 170 million dollars to the department's research and development funds.

Services Will Testify

High ranking Army, Navy, Air Force and Defense Department officials will testify Nov. 4-6 before the House Manpower Subcommittee. A subcommittee source said it has reports competition is "running wild" for scientists and technicians are ending up in ordinary administrative work because of surpluses in some sections of the research and development field.

Other congressional investigations into the missile-satellite programs are under way by the Senate Preparedness subcommittee, a House Appropriations subcommittee and a House Government Information subcommittee.

Milkmen Strike Threat Hanging Over New York

NEW YORK (UP)—A strike of milkmen who prepare and deliver 14 million quarts of milk a day in the Metropolitan New York area hung in the balance today.

Negotiators maintained virtually non-stop sessions after Tuesday's 4 p.m. strike deadline passed without a walkout.

There was hope any strike would be delayed at least another 24 hours.

Originally, the 13,000 members of five teamsters locals were scheduled to strike at 4 p.m. in support of their contract demands. But, the walkout failed to materialize and plant workers and deliverymen showed up for their jobs as usual.

As they worked, their negotiators met with a dairy industry team headed by Irving R. Wisch throughout a day of offers and counter offers and on into the night.

At last report, the unions had asked wage increases of eight dollars a week for three years, with an extra four dollars the first year for pension and welfare benefits. Wisch said this would raise the price of milk possibly as much as two cents a quart.

OBITUARY

GROVER C. CUPPETT

Grover C. Cuppett, 62, 412 Fallowfield Ave., Charleroi, died yesterday at 12:45 p. m. in the Charleroi-Monessen Hospital.

He was born Oct. 21, 1895 in West Unity, Ohio. He went to Charleroi from Addison in 1929.

He was a millwright at the Allenport plant of the Pittsburgh Steel Co. and was a member of the Charleroi Lodge 225, Junior Order of United American Mechanics.

He is survived by his wife, Mrs. Clara Knox Cuppett; one son, Donald J., Newark, N. J.; one daughter, Mrs. Louise Cuppett, E. Orange, N. J.; his father, O. D. Cuppett, Confluence; two brothers, Darwin, Confluence and Hugh, Addison; and one sister, Mrs. Ireta Burnsworth, Confluence.

The family will receive friends at the Harold R. Schrock Funeral Home, Charleroi, from 1 to 5 and 7 to 10 p. m.

The Forgotten One

EL CENTRO, Calif. (UP)— Attorney Russell Yeager entered a windowless cell in the mental ward of Imperial County Hospital Tuesday after telling a nurse he would finish his talk with a patient and be ready to come out in 20 minutes. After more than an hour of yelling and rattling of the cell door Yeager was released by the red-faced nurse who "forgot" he was locked in.

A fence more than one thousand miles long was built across Australia to keep rabbits from invading the western part of the continent.

Grand Central Is Darkened by Power Failure

NEW YORK (UP)—A power failure at the height of the rush hour Tuesday plunged the cavernous Grand Central Terminal into darkness and forced 50,000 commuters to grope their way to their trains.

It was the worst power failure to hit midtown Manhattan in many years. Several office skyscrapers in the Grand Central area were blacked out and workers on their way home made their way to elevators and down stairs by matchlight.

The 2,200 guest rooms of the Waldorf Astoria hotel were pitch black until the management could distribute candles. The hotel's lights were still out early today because of a fire in the building's electrical system, apparently tripped off by the primary power failure.

Several other large hotels—the Commodore, Barclay, and Park Lane among them—stood in darkness during the power failure too. The Grand Central blackout lasted 44 minutes, but it was more than two hours before lights in the hotels were back on.

Chamber Head Praises State Tax Measures

HARRISBURG (UP)—The Pennsylvania State Chamber of Commerce was told today that industrial leaders throughout the country are beginning to take a "new and more favorable look" at the Keystone State because of its improved tax structure for business.

Chamber President W. F. Rockwell Jr., head of the Rockwell Manufacturing Co., Pittsburgh, said in an address at the opening of the chamber's 40th annual meeting, the state already is reaping "psychological benefits" from the tax measures passed by the 1957 General Assembly.

He pointed to retention of the state's 3 per cent sales tax and restoration of the manufacturers' exemption from the capital stock-franchise taxes.

But Rockwell said the chamber would also press for repeal of two so-called "nuisance" taxes — the excise tax on foreign and domestic corporations, and the corporate loans tax, together with a rollback in the corporate net income tax rate from 6 to 5 per cent in 1960.

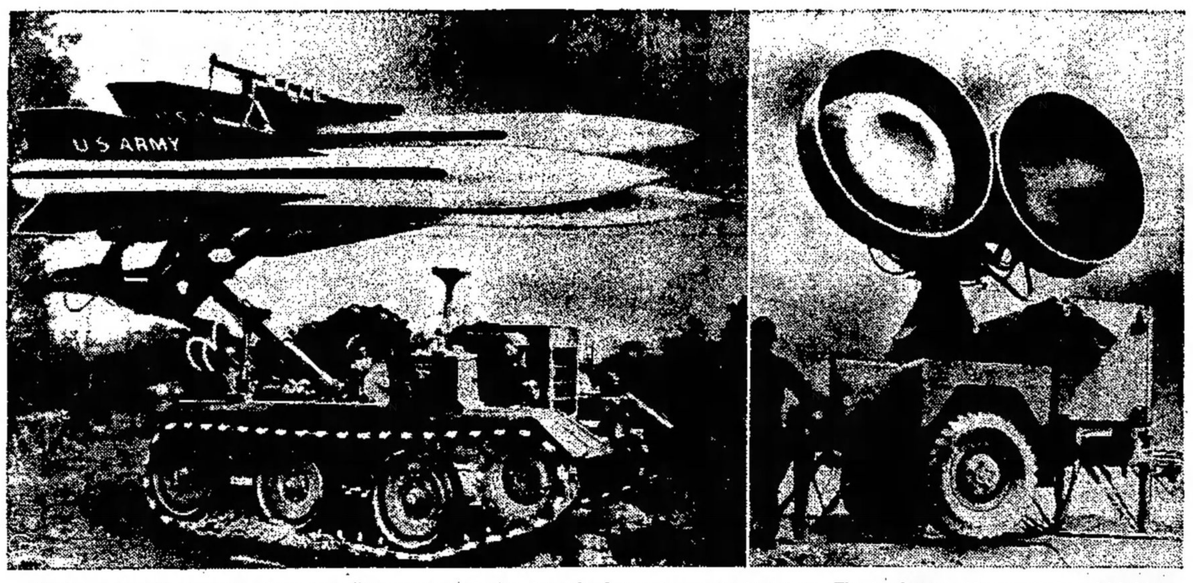
The chamber elected 15 new directors and made two veteran board members "honorary directors." They are Walter D. Fuller, retired board chairman of the Curtis Publishing Co., Philadelphia, and H. W. Prentis, Jr., board chairman of the Armstrong Cork Co., Lancaster.

New Directors

New directors named were:

Two-year-terms—Milton G. Baker, superintendent, Valley Forge Military Academy; Francis O. Case, president, Glen Alden Corp., Wilkes-Barre; C. N. Critchton, Johnstown Coal and Coke Co., Johnstown; Streuby L. Drumm, West Penn Power Co., Greensburg; Samuel F. Hinkle, Hershey Chocolate Corp., Hershey; John Pugsley, U.S. Steel Corp., Pittsburgh; H. N. Ramsey, Philadelphia Electric Co.; J. L. Stackhouse, Easton Daily Express; Ralph C. Swartz, Pennsylvania Power & Light Co., Allentown, and E. Huber Ulrich, Curtis Publishing Co., Philadelphia.

One-year terms—R. L. Brown, Carson Sales Finance Co., Wellsboro; Clifton E. Mowrer, Suncrest Farms — Mowrer's Inc., Bethlehem; R. A. Myers Jr., West Shore Automobile Co., Lemoyne; M. K. Robb, Bellefonte Trust Co., Bellefonte, and Samuel F. Meisenhelder, York, former president of the Pennsylvania Junior Chamber of Commerce.



HAWK AND ITS RADAR—Here are first photos of the Army's Hawk guided missile with its radar, which enables it to hunt down and destroy low-flying targets. Hawks are shown on their mobile loader, which makes the missile quickly transferrable from storage to launcher. The loader is self-propelled and highly maneuverable over rough or muddy terrain. The radar (right) automatically tracks the target, ignoring unwanted reflections from stationary ground objects.

New Steel Process Explained To Senate Probe Members

WASHINGTON (UP) — The Senate Anti-trust and Monopoly Subcommittee was to hear more today about new horizons in the ancient art of making steel.

John V. Groner, representing the McClouth Steel Corp. of Detroit, was expected to discuss the "oxygen steel" process being used by his company.

Michael Sendzimir, of T. Sendzimir, Inc., Waterbury, Conn., was to explain the "hot-rolled planetary mill" developed by his firm.

Chairman Estes Kefauver (D-Tenn.) said at the opening session of the current hearings the subcommittee is interested in new steel processes for two reasons.

First, he said, previous testimony indicated there is very little price competition in the steel industry. If new techniques make it possible for new companies to start making steel, he said, competition should be stimulated and the public would gain.

Kefauver also stressed that the new techniques were invited in other countries. He said the United States appears to be falling behind in developing new processes for steel-making.

Could Be Serious

He said this could be serious because the new methods may permit steel production in scattered parts of the country instead of at one or two industrial centers. In an age of guided missiles, the senator said, decentralization of industry might be essential.

Kefauver announced the subcommittee will turn from new techniques to the efficiency of present methods later this week. He said several cost analysts, including Fred V. Gardner of Milwaukee, would testify on costs, prices and profits in the steel industry and their relationship "to the efficiency of our largest firms."

The subcommittee took detailed testimony Tuesday from Rufus Easton of the Koppers Co. of Pittsburgh.

Easton explained the "continuous casting" process developed by his company but not yet in use in this country.

Easton said he expects continuous casting "to gradually grow to form a major part of the nation's steel processing capacity."

He said Russia is reported to be planning to use the new method to make 20 per cent of its steel by 1960 and other countries also are going into the process for heavy production.

Donora

From Page One

which are available to the workers as a result of contract provisions which went into effect on Sept. 1.

The company timed the shutdown so as to give the workers the advantage of these unemployment benefits.

SUB — as the benefits are known — will give the worker about 65 per cent of his regular take home pay, according to both company and union statisticians.

The Zinc Works was constructed 42 years ago. It has been the object of many damage suits since 1915.

In 1948, it suspended operations for a week during the smog tragedy which claimed 22 lives and made thousands ill. An investigating team from the U.S. Public Health Service did not single out the Zinc Works as the major contributor to the smog.

However American Steel and Wire Co. paid a quarter of a million dollars in order to settle out-of-court a long list of smog suits.

In closing the Zinc Works, company officials pointed out that the out-moded process horizontal retort type furnaces no longer made its Donora operations competitive.

The company spokesman said some buildings at the Zinc Works will be dismantled. He added that the Zinc Works property will be retained for possible future expansion of the adjoining steel and wire plant.

American Steel and Wire Co. officials have already indicated to Donora civic leaders there is a good possibility that the Zinc Work site will have new installations in the future.

However a company spokesman said today that no definite plans have as yet been advised along that line.

Eight Burn to Death in Blaze

PICKFORD, Mich. (UP)—Eight persons—a father, mother and six of their seven children—burned to death early today when fire, apparently caused by a defective coal heater, swept through their house.

The only survivor was 11-year-old Rose Carrick. She saved her life by jumping from the second story porch of the frame home in an effort to summon help for her family.

The victims were Vern Carrick, 45, a part-time woods-worker; his wife, Irene, 30; and their children: Dennis, 9; Harold, 7; Norma, 5; Joy, 3; Daniel, 18 months; and James, 2 months old.

Five Day Forecast

Western Pennsylvania: Temperature will average three to six degrees above normal. Warmer Friday. Turning cooler late Saturday or Sunday. Precipitation will total one-quarter to one-half inch occurring intermittently over north portion and mostly late Friday and Saturday over south portion.

Leader to Present Medal to Marshall

HARRISBURG (UP) — Gov. George M. Leader will confer the Pennsylvania Meritorious Medal on Gen George C. Marshall on a trip to Washington today.

The medal will be presented to Lt. Col. Clarence J. George, Marshall's aide, who will, in turn, present it to Marshall at the latter's home in Leesburg, Va.

Leader will also confer with New York officials and with Defense Secretary Neil H. McElroy concerning the use of inactive military establishments as summer recreation centers for teenage boys while in Washington. The plan was conceived jointly by Leader and New York Gov. Averell Harriman.

Joseph Frank Asks Reduction Of Jail Term

PITTSBURGH (UP) — Joseph Frank, former Homestead, Pa., racket figure sentenced to 18 months in prison, has asked Federal Court for a sentence reduction.

Frank is scheduled to begin the prison term on Monday. His attorneys filed a petition Tuesday, listing five reasons for a shorter sentence.

The petition said Frank was charged with evading income taxes for only one year, 1948, and that for a first offender involving the Internal Revenue law, the sentence was "unusually severe."

Frank, they said, is now living an exemplary life and has been greatly harmed by publicity. The petition also said his wife was ill.

Frank, 57, now of suburban Mt. Lebanon, was convicted in June, 1956, of evading $4,879 in taxes and sentenced by Federal Judge John L. Miller. He also was fined $2,500.

A federal prisoner sentenced to serve more than a year is usually eligible for parole at the end of one-third of his term. But because of Frank's prior criminal record, his attorneys said, he most likely will have to serve the full 18 months.

Union Officials Blast Statement Of Steel Official

WASHINGTON (UP)— United Steelworkers officials from Johnstown, Pa., have criticized a statement by A. B. Homer, Bethlehem Steel Corp. president, that the company "didn't need business."

"Homer must not be aware of the level of employment in some of the Bethlehem plants, such as the Johnstown plant where thousands of employes are working a short week or are on layoff," the local officers declared in a telegram sent to the Senate Anti-trust and Monopoly subcommittee Tuesday.

Homer told the subcommittee last week that Bethelehem plants were operating at capacity.

"We find it hard to believe a man in his position could make such a statement," the union officials said.

They denounced Homer as a "steel baron showing utter disregard for the plight of thousands of employes, who have given years of faithful service to his company, simply because he is satisfied with his company's profit at its present level of operation."

School Subsidy Checks Processed

HARRISBURG (UP)—Auditor General Charles C. Smith said state subsidies to first, second and third class school districts totaling $66,551,050 will be mailed this week unless errors were found.

Smith said requisitions for the payments were received from the Public Instruction Department and they would be processed immediately if they were in proper order.

French Changes Asked

PARIS (UP) — Right and Left-Wing political spokesmen clamored today for sweeping changes in France's political structure to avoid future government crises.

But their demands would have to wait a decision today by Felix Gaillard, 38-year-old finance minister in the last government, on whether he will try to form a government to end this month-old crisis.

Gaillard is to inform President Rene Coty sometime this evening whether he will become the sixth political leader to try to solve the impasse. He planned a series of political talks during the day before making up his mind.

From the extreme left, French Communist leaders called on the Socialists once again to join them in a political alliance to change basic French policies. The Communists and Socialists together could form a majority in Parliament.

The appeals followed Socialist Party Leader Guy Mollet's failure to win National Assembly approval as the next French premier. His plans were wrecked 290 to 227 when the Conservative Independents voted against him.

U.S. Steel Has Top Earnings

NEW YORK (UP) — United States Steel Corp. has reported record sales and earnings for the first nine months of 1957.

Roger M. Blough, chairman, in releasing the report Tuesday, said also the firm has declared a dividend of 75 cents per share of common to holders of record Nov. 8.

The latest dividend will bring payments in 1957 to a record $161,199,141 on the basis of common stock outstanding June 30.

Sales and earnings hit new peaks for the period during the third quarter.

Net income of the giant steel corporation in the first nine months of 1957 amounted to $328,976,991 or $5.77 per share, compared with $243,336,311 or $4.18 per share in the corresponding 1956 period.

In the third quarter net profits of $97,555,683, or $1.70 per share compared with $115,943,199 or $2.04 per share in the 1957 second quarter and $34,785,870 or 52 cents per share in the third quarter of 1956 when the industry suffered a five-week strike.

Sales in the first nine months totaled $3,379,580,712 against $3,034,281,345 in the similar period of 1956.

During the third quarter, the steel giant rang up sales of $1,042,782,049 against $1,170,314,575 in the second quarter of 1957 and $764,991,210 in the third quarter of 1956.

The corporation's steel making furnaces operated at 81.1 per cent of the rated capacity in the third quarter, against 55.6 per cent in the corresponding quarter last year.

Blough said steel production this year will run between 114 and 115 million tons, making 1957 the third best year in history.

He said in the next five months steel operations will average somewhere between 70 and 80 per cent of capacity.

He blamed the decline in the operating rate on inventory liquidation, noting that between August, 1956, and April or May of this year consumers used up to 10 million tons of steel from inventories.

Local Croatian Society to Hold 40th Anniversary

The Monessen Croatian Social and Educational Society "Sloga" will commemorate its 40th anniversary with a two-day celebration Saturday and Sunday.

The present Croatian Hall at 1053 Schoonmaker Ave. was completed and dedicated in 1917. Since then it has been the center of Croatian social and cultural activity in the immediate area.

The celebration Saturday at the hall will be an informal get-together in typical Croatian surroundings, including tamburitza music, dancing and native delicacies.

Sunday an overflow crowd is expected to attend a banquet at the hall, according to Andy Francis, president Croatian Fraternal Union Lodge 194, Monessen.

He announced that Atty. Gilfert Mihalich will serve as toastmaster.

Past presidents will be honored and guest speakers will be the two former CFU legal counselors, Anthony Lucas, who is presently a member of the Pittsburgh Civil Service Commission, and Thomas R. Balaban, chief deputy insurance commissioner of Pennsylvania.

Mouth-to-hand

CHICAGO (UP)— A hand-to-mouth existence may be all right for some people, but with Harland Bennett it's just the other way around. Bennett decided to mount on his wife's wedding band a pearl he found while eating a can of oysters.

Khrushchev Victory Starts One-man Rule

By K. C. THALER

LONDON (UP) — The wily and iron-nerved Nikita S. Khrushchev has won another bloodless coup that signifies the beginning of virtually unrestrained one-man dictatorship in the Soviet Union.

Diplomatic sources in London said his victory over Marshal George Zhukov makes him the future Stalin, the victor in a momentous struggle for supreme power in the Kremlin.

These beliefs were further borne out by Khrushchev's own statement Tuesday night—described by diplomats as "arrogant"—that he could now offer Zhukov a new job in line with his experience and qualifications.

No Trouble Seen

Soviet affairs experts said they did not anticipate any major trouble from Red army generals once Zhukov is effectively deprived of control over the armed forces.

In the 133-man Central Committee as well as in the powerful 15-man Presidium (or high command) of the Communist Party, Khrushchev has been cunningly strengthening the number of his supporters in months past.

The protracted discussions of the Central Committee were believed here concerned with the reaffirmation of the principle of party supremacy over the army and the problem of public presentation rather than the issue of the "Zhukov affair."

Party To Be Supreme

Zhukov's ouster was expected to be presented to the public as the unequivocal reaffirmation by the highest Soviet authority of the supremacy of the party over the army and any other Soviet organization.

These sources said they discounted open army intervention since this would amount to a showdown between the party and the army. A defeat of the party would be tantamount to the beginning of the end of the Communist regime in Russia and of organized Communism worldwide, the sources said.

Diplomats said it appeared Khrushchev had prepared the move in advance by shifting some army leaders from their posts during the absence of Zhukov in Yugoslavia earlier this month.

Students Plan UNICEF Drive

"Trick or Treat" will be observed in Monessen tonight, when local school students join in the collection for UNICEF, United Nations International Children's Emergency Fund.

From 6 until 9 p. m. Monessen residents are asked to have their porch lights on to welcome the costumed young folks, and give them a cash contribution with their Halloween treat.

Money collected in this manner will be deposited in containers placed in each homeroom at school. It then will be collected by the Junior Women's Club and sent to UNICEF headquarters.

School officials have asked the young people to confine their "Trick or Treat" activities to tonight.

Duvall Home Sold To Gerald Vitale

Gerald Vitale, official of Westmoreland Engineering Co., Monessen, has purchased a two story, nine-room home at 630 Division St., Monessen, from Donald C. Duvall, assistant to the president and vice president-industrial relations of Pittsburgh Steel Co., it was made public today.

The purchase price for the home and 1½-acres of property was $25,500, according to the Westmoreland County recorder's office in Greensburg.

The transaction was handled by Skirpan's Real Estate and Insurance Agency, Monessen.

Flu Is on The Wane In Nation

By UNITED PRESS

Flu and its complications claimed about 30 more lives during the past 24 hours, but there was evidence the outbreak was on the wane in some areas.

A United Press tally since the first case of Asian flu was reported in the country last summer showed at least 449 deaths blamed on flu and complications, chiefly pneumonia.

New York State continued to have the highest fatality rate with 126 deaths. Pennsylvania reported 82 fatalities.

State Fatals Listed

Elsewhere, there were 37 deaths in Michigan, 34 in California, 21 in Illinois and Louisiana, 15 each in Iowa, Washington and Wisconsin, 11 in Utah, 10 in Colorado, 9 in Hawaii, 7 in Connecticut, 6 each in Indiana and Kentucky and 3 each in New Jersey, Tennessee and Oregon.

The state of Washington accounted for 11 of the new flu fatalities, and the state health department estimated there were 57,860 cases of influenza and other respiratory ailments. There was no estimate of how many of the ill were stricken with Asian flu.

Also in the Pacific Northwest, the case rate in Oregon continued to climb and health officials said it was approaching the level of the 1918 flu epidemic. A second death was reported at an Oregon State Home for the Mentally Retarded Tuesday.

East Hit Hard

In the East, flu reached epidemic proportions in the northern part of Maine and Philadelphia, Pa., became the latest big city to be hit by a major outbreak of influenza.

However, the incidence of flu was reported on the decline in such other flu-stricken states as Illinois, Massachusetts and Mississippi.

The University of Illinois disclosed that a campus epidemic earlier this month infected about 30 per cent of the students. The university said the situation became so severe that an ice rink was turned into an emergency hospital to treat the sick.

Local Student Tells Rotary of Trip to Greece

Georgette Vernaccini, Monessen High School senior who spent last summer in Greece, told of her experiences in a talk before the local Rotary Club at Johnson's yesterday.

Miss Vernaccini was the guest of an Athens attorney and his family as part of the American Field Service exchange student program. More than 600 U.S. high school students visited in 20 countries last summer under the program.

Following her talk, Miss Vernaccini answered several questions.

Guests at the meeting included Robert J. Kanselbaum, of New Kensington; R. B. Hagar, Joseph E. Bielski and Andrew Barbe, all of Charleroi; Larry Huber, of Belle Vernon, and J.R. Katusa of Masontown.

Stephen Spontak

Stephen Spontak New President Of Kiwanis Club

Stephen Spontak was elected president of the Monessen Kiwanis Club during the annual reorganization meeting at the Slovak Home last night.

Spontak, who is employed in the traffic and transportation department at the Monessen Page Division of the American Chain & Cable Co. Inc., will take office in January. He will succeed Charles Penwick, who did not seek re-election.

Other officers elected last night were Peter Hutchko, vice-president; James Oelschlager, secretary; and Harold Baker, treasurer. They will all serve for the year 1958.

Penwick reported to the club that 40 Ford gum machines are now in operation throughout the city. Proceeds will go toward the Kiwanis Club's fund for underprivileged children.

The Kiwanians also agreed to continue their sale of light bulbs.

Tickets to Be Sold Tomorrow For Tamburitzans

Tickets will be sold tomorrow at the G. C. Murphy store for the concert to be presented by the Duquesne University Tamburitzans on Thursday evening, Nov. 7, at the High School auditorium.

The presentation is being sponsored by the Monessen Parent Teacher Association with Mrs. Everett Vernaccini as general chairman. Mrs. Katherine Kunsa will direct tomorrow's sale.

Mrs. John Stieska, co-chairman of the ways and means committee, will have charge of the homemade candy sale at the school the night of the concert.

Those who do not get tickets tomorrow may purchase them from the homeroom mothers at each building or at the door the night of the concert.

The Duquesne University Tamburitzans, hailed as one of the most outstanding of student musical ensembles makes an annual appearance here under PTA sponsorship. A versatile program is planned to feature music of many nations played in a nationalistic rhythm and sung in many languages. Approximately 25 costumed young people will be presented in songs and dances.

Veterans Pulling for Bonus Bill

HARRISBURG (UP)—Veterans organizations throughout the state today prepared to man the 8,806 polling places in Pennsylvania next Tuesday to get out the vote for a proposed 150 million dollar bonus for veterans of the Korean War.

The Veterans of Foreign Wars announced today it will join with other veterans groups and political party workers to ask citizens to approve the bonus question and a companion constitutional amendment to extend absentee voting rights of civilians.

The American Legion and VFW alone expect to have about 50,000 representatives at the polls in the state's voting districts.

Cong. James E. Van Zandt (R-Pa.) VFW bonus committee chairman, warned of overconfidence, contending passage of the bonus question was not assured.

"The only way the bonus can be obtained is by getting out the vote," Van Zandt said. "A light vote means defeat."

Meanwhile, the Republican State Committee, through Republican State Chairman George I. Bloom, endorsed the two proposed amendments to the state Constitution.

Bloom said he expected all Republican leaders to "give the same support to the two amendments that they give to Republican candidates in the local election contests."

"We have the same debt to those who died in the Korean War as to the veterans of all other wars in which our country was engaged," Bloom said.

Open House for New Car Showing

John L. Gibson Chevrolet, Monessen, will hold an open house tomorrow, Friday and Saturday to give area residents an opportunity to view for the first time the new 1958 line of Chevrolet models.

James Span, the local dealer, invited the public to visit the showroom and see the type of car Chevrolet has created.

The dealership will be open throughout the day and evening this weekend and members of the staff will be on hand to explain the new car, Span said.

The Right Attitude For City Planning

A LETTER which the president of the Pittsburgh & Lake Erie Railroad addressed recently to the Monessen Planning Commission setting forth the P&LE's views on the East Gate redevelopment project raises questions which need to be dealt with forthrightly before Monessen can proceed much further with its ambitious rehabilitation program.

Although the letter discussed some of the technical details of the East Gate proposals which had better be left to the planners and their professional consultants, it is the tone of the communication which disturbs us.

The P&LE seems to be approaching these problems with the attitude that what is good for the P&LE is going to be good for Monessen. And it is our view that if Monessen is to be successfully rejuvenated, exactly the reverse is going to have to be the prevailing philosophy of our industries and utilities, of our public officials and of our citizens generally.

* * *

THE PRESENT managers of the P&LE might profit from a review of the early history of Monessen and their company's role in that history. Such a review will show that Monessen came into being in the late 1890s partly as a result of the promotion efforts of the railroad.

The review will also show that the leading promoters, including those of the railroad, were not much concerned with developing a community for the convenience and happiness of the residents, present and future.

The record is clear that the principal concern of the early promoters was profits. Pleasant, convenient community living was not in their minds.

Many of the difficult problems with which today's planners are wrestling are the direct result of the short-sightedness of the early developers. Narrow streets, cramped building lots, lack of adequate park space, to mention but a few of the more obvious.

* * *

THE P&LE letter suggests to us that too much of the philosophy of 1898 remains. Modern cities are not planned with the business convenience of a railroad as the primary consideration. The railroad exists to serve the community, and while all the community's business interests are an important factor in planning, it is the general public interest which must come first.

Because of special immunities and privileges with respect to their property, railroads often present serious problems to city planners. And it has long been recognized that this is especially true in Monessen.

The best hope of meeting these problems in a way which will be generally satisfactory lies with railroad owners and managers who are living in 1958, not 1898, and whose concepts of community responsibility are quite different from those held half a century ago when the dollar furnished the primary motivation.

We are trying here in Monessen, so far as the mistakes of the past will permit us, to build a brighter, happier, more prosperous community. And we believe the end result of that effort, if it is done conscientiously and skillfully will be good for every resident and every interest in Monessen, including the P&LE Railroad.

Bulls or Bears?

THOSE brilliant minds which are directing the strategy of the Westmoreland County courthouse machine will stop at nothing to keep from talking about their candidates, their records and the problems of Westmoreland County.

Now it's the stock market. According to one of their ads, we ought to vote straight Democratic because the stock market has been going down.

But we seem to recall that they were just as worried a couple of years ago because the stock market was going up and this proved that the Republicans in Washington were interested only in Wall Street.

Now which way do they want it? Or is this one of those heads-we-win-tails-you-lose ideas?

We hope sometime before next Tuesday they will explain to us just what "Buddy" Turner and his candidates are going to do about the stock market if we vote for them? Since they don't seem to want to talk about law enforcement, honest elections and courts free of political control, maybe they'll tell us just what they plan to do about General Motors and A. T. & T.

We're all ears.

Merry-Go-Round—

Russians at UN Acting Tougher

By DREW PEARSON

UNITED NATIONS, N.Y. — Whatever the connotations of Zhukov- Khruschev maneuverings inside the Kremlin, there is no dispute regarding the growls of Andrei Gromyko at the United Nations. They have grown grimmer and more menacing.

Mr. Pearson

Diplomats who have been attending the UN since its inception say that never before have the Russians been so tough, so uncompromising, or played their cards with such precise, diplomatic skill.

They also say that the three-hour private conference foreign Minister Gromyko had at the home of John Foster Dulles, calculated to be a showdown between the USA and USSR, has only made Gromyko more bellicose.

Gromyko is playing his hand from strength. His trump cards are the ICBM, Sputnik, the new Soviet jet transport plane, and he is waving these cards with brazen audacity. With their help, here are some of the plays he has pulled:

Play No. 1 — On Sunday, Oct. 20, Gromyko invited Syria, Egypt, plus the satellite countries, plus such neutrals as Indonesia, India, and Yugoslavia, to his home to head off mediation of the Turkish-Syrian dispute by King Saud. He wanted the dispute handled not in the distant desert kingdom of Saudi Arabia, which lacks newsreels and television, but under the klieg lights of the United Nations where the entire world could watch the fireworks. He was not interested in mediation but in psychological warfare.

During the course of this secret meeting, Gromyko used the words "we will use force if necessary." He did not elaborate further.

Play No. 2 — In other backstage UN talks, Gromyko, always a grim man, has been grimmer than ever. He has even let it be known that Russia would use armed forces to keep the present pro-Russian government of Syria in power. In other words, should there be a revolt inside Syria, the Red Army would invade to protect its puppet government just as it invaded Hungary.

Play No. 3 — Russian delegates are whispering that they obtained the diplomatic pouch containing the reports by Loy Henderson on his Near Eastern trip to bolster the Eisenhower Doctrine. These, they claim, reveal war plans between Turkey and the United States. Photostats have even been circulated among the Syrians and Egyptians, giving alleged U. S. plans for a Turkish attack.

Unquestionably, these documents do exist, though U.S. intelligence agents are convinced they are forgeries either sold to the Russians by Arab agents or manufactured in Moscow. This writer who recently visited the Near East, came back with the conviction that the United States at no time encouraged Turkey to be an aggressor. Just the contrary.

Conclusions — These plays add up to one thing. Russia is whipping up a psychological fear in the Near East to cover an early move. The move will be either to strengthen her hold on Syria or put the final squeeze on Turkey, or penetrate through Jordan to the Red Sea, using Syrian agents. Eventually Russia will do all three.

Cocked Revolver

American diplomacy has to recognize the fact that for ten years Russia has bitterly resented American bases in Turkey. Now, with the power of the ICBM and the prestige of Sputnik supporting her, she is determined to get rid of these bases — either by leapfrogging over Turkey or taking Turkey. Since we are pledged to go to war — all-out war — to defend Turkey, this could mean world war.

Most likely development is that Syrian exiles in Turkey may move into Syria to set up a new government. This would give Russia the excuse to come in. Judging from the present temper at the UN, it won't take much of an excuse.

What the United States really has to decide is whether it wants to go to war over Turkey. American bases are like a cocked revolver aimed at Russia's head. They are like Russian bases would be if located across our border in Mexico. We would circumvent them by putting troops in Guatemala and Panama, just as Russia is building a base in Syria.

A few months ago she wouldn't have dared to do this. But with the prestige of Sputnik and the ICBM she not only dares do it but is doing it. That's why Andre Gromyko at the United Nations is talking so tough. And that's the great decision we may have to make — whether to face a military showdown over the Austria and Czechoslovakia of the Near East.

Bobbing-for-apples Season

From Washington—

Why Ike Is in Trouble

By ROSCOE DRUMMOND

In the wake of Little Rock and the Soviet break-through into outer space, the Eisenhower administration faces the most formidable challenge of its five years in office.

Mr. Drummond

At this stage its difficulties are accumulating. They may well become more formidable, not less. It will require surer, more consistent, more resourceful leadership than prevailed last year — and more teamwork between the party leaders in Congress and the White House — if the Republicans are to come up to the 1958 elections with any chance of winning.

The reasons why the President's difficulties will be greater beginning in January than they were last year are these:

1 — Despite the deep, perhaps irreparable, division within the Democratic Party over civil rights and integration, the Democrats are more united in opposition to the President and have a greater incentive to oppose the President than at any time since 1952. There are three new incentives and they fortify each other:

A — The use of federal troops in Little Rock, however necessary and justified, has virtually drained the President of popularity and influence in the South. Most Southern Democrats in both the Senate and House will use any means and any issue to oppose Mr. Eisenhower and to weaken his leadership. This is evident in a Newsweek survey which shows that more than anywhere else in the country Southern voters blame and condemn the President for allowing the Soviets to get ahead of us with Sputnik.

Democrats 'Smell' Victory

B — Northern Democrats sense they have a winning issue within their grasp — the issue of defense and security — now that the Kremlin has dramatically taken the lead in scientific progress in satellites and missiles. They can almost literally feel and smell victory in the offing in 1958. They may split up all over the place when they come up against a pre-presidential nomination and election, but come next January Northern Democrats and Southern Democrats will be as one in their determination not to let the President up off the carpet for one minute.

C — The very fact that 1958 is a congressional election year will make it easier for the Democrats to unite in opposing the White House however much they may be divided among themselves. Disunity within the Democratic party will not be a serious handicap in congressional elections. Despite deep differences in national policy, which could defeat a Democratic presidential nominee, Southern Democrats and Northern Democrats can stand as they wish before their own constituencies even if they are on opposite sides of the same issue, and still be elected. The uniting incentive will still be to undercut Mr. Eisenhower and to get a firmer hold on Congress.

Tax Cut Is Out

2 — Another difficulty which the President will face will be the fact that in order to satisfy his own conviction and public demand to step up greatly the missile program he may have to increase the defense budget. This may up the debt ceiling and force deficit spending; it will certainly postpone a tax cut. This will strain the Republican party at its most sensitive links, may cause a breach in the party in Congress.

3 — The two-term limitation will continue to weaken Mr. Eisenhower's political influence. Whatever the President's popularity in the country, he has a declining influence with the politicians of both parties because he cannot even leave in doubt whether he will remain in public life. The Democrats know they won't have to run against him and the Republicans know they will not be able to run with him.

Public Aroused

Does Mr. Eisenhower have any new assets? Yes, he has one great new asset. He has an aroused and anxious public opinion which does not want to see either party neglect or play politics with defense and which, I am convinced, will support handsomely a decisive presidential initiative to recapture for the United States the lead in scientific weapons.

Once Mr. Eisenhower makes himself the galvanic instrument of that public opinion, he will have the backing to do whatever is needed. Without it, there will be political and congressional chaos.

The Views of Others—

A Change Is Possible

(From the Greensburg Tribune-Review)

Last May Raymond Turner, serving as Clerk of Courts by appointment, was rebuffed by Westmoreland County Democrats.

Democratic leaders have been trying to explain away the defeat ever since.

We think the defeat was simply a matter of a sizeable body of Democratic voters rebelling against the one-man rule of the defeated candidate's father, Arthur "Buddy" Turner who, in his role as Chief County Detective, pulls the political strings at the Courthouse.

Westmoreland County voters of both political faiths have an opportunity to complete the job next Tuesday.

They can abolish one-man rule by the simple process of electing Wayne R. Donahue district attorney. Mr. Donahue has pledged that his first official act will be the firing of Mr. Turner. That one act — accompanied as it must surely be by a searching examination of the qualifications and activities of other members of the county detective force — would do more for the cause of good government in Westmoreland County than any official act in the past decade.

We believe Westmoreland County voters — Democrats and Republicans alike — have had their fill of Mr. Turner and his arrogant theory that he alone knows what is best for our citizens. We are not calling for and would not expect sincere Democrats to turn their backs on their political faith. We do ask that they help purge the political scene of a man who has permitted Westmoreland County to become an object of national disgrace.

This we can do by electing Wayne R. Donahue District Attorney.

We also ask voters of both parties to consider well the qualifications of Avra N. Pershing Jr., Republican candidate for judge. No honest observer of the political scene can question Mr. Pershing's impressive legal background. His temperament, background and experience is that of the ideal candidate — the type of man leaders of both parties are constantly seeking and so seldom find.

It is only through the encouragement and election of such men that we shall be able to persuade others of similar ability to participate in government.

The newspaper asks that every voter acquaint himself with the qualifications and background of each and every candidate. We support the entire Republican slate but beg your particular support for Mr. Donahue and Mr. Pershing.

The election of a District Attorney pledged to remove his office from the realm of precinct politics and a judge capable of rising above the grime of party politics would constitute a major step toward the return of good government to Westmoreland County.

The Cynic's Corner—

"They say modern civilization had its beginnings here, it may also have its endings here . . . !"

Behind The News—

Control of Military in Soviet Changes Hands

By CHARLES M. McCANN

The most significant thing about the "release" of Marshal Georgi H. Zhukov is that control of the armed forces in Russia has changed hands.

Marshal Rodion K. Malinovsky, Zhukov's successor as defense minister, is now head man over the 4 million men in the Red army, navy and air force.

Mr. McCann

There are two powers in Soviet Russia, the Communist Party and the armed forces. Many experts foresee the day when the army may be the supreme power.

Nikita S. Khrushchev is first secretary of the Communist Party, and thus controls the party machinery which reaches into every city, town and village in the Soviet Union.

A tipoff to Zhukov's "release" may be that for several weeks the 15 - man Communist Presidium which rules Russia has been trying to tighten up party control of the most powerful military force in the world.

Khrushchev On Wane

There were indications six weeks ago that Khrushchev's prestige was diminishing.

He had saved his job as party secretary only with Zhukov's help.

Increasing emphasis was being put on Zhukov's rising prestige. There were even suggestions that he was now Russia's biggest man.

On Sept. 10 diplomatic reports reached London that Khrushchev had ordered party control of the army tightened.

These reports said that Khrushchev intended to re-establish party cells in army, navy and air force units.

It was through these cells that Josef Stalin kept firm personal control of the armed forces. Zhukov, though a Communist from boyhood, did not like them. They were abolished after Stalin's death.

Little attention was given to these reports at the time. But a United Press London dispatch which told of them suggested that they might foreshadow conflict between Khrushchev and Zhukov.

Stress Closer Unity

Since then, Russian newspapers have been emphasizing the necessity for close unity of the Communist Party and the armed forces.

It was pointed out last week that the treatment which Zhukov received on his visit to Yugoslavia indicated that President Tito did not regard him as a contender for top Soviet leadership.

During the 10 days which he spent in Yugoslavia in his capacity of defense minister, Zhukov saw Tito just once.

Zhukov got back to Moscow last Saturday, the day on which his "release" was announced.

It may well develop that Khrushchev was getting somewhat nervous over Zhukov's personal popularity and over the reports that Zhukov was overtaking him in Soviet leadership.

All this is naturally highly speculative. But even if Zhukov is to be made premier, as has been suggested, another man now directs the armed forces. And Khrushchev controls the Communist Party machine.

National Affairs—

Ike May Revise His View of Sputnik Today

By LYLE C. WILSON

WASHINGTON (UP)—President Eisenhower's news conference today offers an opportunity to redirect the administration party line on the meaning to the American people of the Soviet Union's mute earth satellite.

Sputnik the first continues to speed in its orbit but without sound. Its batteries are dead. It will be four weeks Friday since the Russian Communists thrust Sputnik into space, catching the administration with its satellites embarrassingly down. That was on Oct. 4.

Terrific page one, radio and TV publicity accompanied Sputnik around the world. With the nation hearing and reading of little else, the President met a news conference on Oct. 9. The official White House reaction to Sputnik was so calm as to be almost casual.

Eisenhower congratulated Soviet science for its achievement but challenged the popular point of view that the Communist world had spectacularly beaten and humiliated the United States in the field of science.

Not Lost Race

He said the United States had not lost the satellite race to the Reds because the United States was not racing, that the launching of a U.S. satellite had not been given top priority because it seemed more desirable to put the major effort on ballistic missiles —weapons.

The President added that Sputnik's launching had not increased his anxiety over U.S. security by one iota, which is a way of saying that it had not increased at all. A public unlearned in science and lacking military knowledge against which to test the security situation attempted to weigh the President's reassurance against the expressed astonishment of American scientists.

Scientists here and abroad were startled to learn that the Soviet satellite weighed approximately 180 pounds, far more than the U.S moon to be placed in orbit next March. If the Communists could hoist so heavy an object nearly 600 miles above the earth, perhaps they had achieved an engine with thrust to hurl an intercontinental ballistic missile from the Urals to the U.S.A.

Sputnik Brush Off

The President conceded in his Oct. 9 news conference that the Russians had demonstrated "a very powerful thrust in their rocketry." As interpreted by the President's intimates, however, the administration party line was to brush off Sputnik's importance. A White House associate — Clarence B. Randall—shortly was referring publicly to it as a "silly bauble." Retiring defense secretary, Charles E. Wilson, called the Russian launching a "neat scientific trick."

White House chief of staff Sherman Adams told a San Francisco audience that the United States never was in any Sputnik race for high score in an outer space basketball game.

Democrats and some congressional Republicans, however, challenged the administration on charges of complacency, meaning a refusal to consider the implication that Sputnik had put U.S. and free world security in further question.

Vice President Richard M. Nixon was one of those. Nixon warned against a brush-off of the Soviet achievement; called it a grim and timely reminder of Soviet Union industrial and scientific capacity.

Out of the Files

Thirty Years Ago—

Sunday, Oct. 30, 1927

No Issue.

Twenty Years Ago

Saturday, Oct. 30, 1937

The Knights of Columbus at a meeting last evening completed plans for an Armistice Day dance to be held Nov. 11 at the Armory. Bob McGowan's orchestra will furnish the music.

The Hebrew Ladies Aid entertained at a social last evening at the Synagogue, following services conducted by Rabbi Kohen. A number of out of town folks were in attendance who were asked to attend the services which are held at the Synagogue each Friday evening.

Ten Years Ago—

Thursday, Oct. 30, 1947

Westmoreland County's voters go to the polls next Tuesday to choose the occupants of virtually every important office in the court house at Greensburg, and today the numerous candidates went into the last stage of their campaign. Many observers feel that Fred B. Trescher, Republican candidate for judge, has a good chance to give the GOP its first county judgeship since the retirement of Judge Charles E. Whitten.

Two Monessen youths have arrived at Lackland Air Base in Texas to complete 13 weeks of basic training. They are Pvts. Anthony Caterino and Nicholas Druash.

Mayor Hugo J. Parente was elected general chairman of the committee planning the celebration of Monessen's 50th anniversary next August at a meeting of local organizations last night in the City building.

Amelia Duff, daughter of Mr. and Mrs. Harry E. Duff of State St., Belle Vernon, began practice teaching at the New Wilmington High School, New Wilmington, Pa. this week. She is teaching mathematics.

Halloween Party Held by Auxiliary

A Halloween party featured last night's meeting of the Ladies Auxiliary to the Monessen Fire Department and Relief Association held in the firemen's recreation room.

Games were played and a covered dish luncheon was served Halloween decorations were used and each member received a colorful favor. Winning the prizes were Julia Sowko, Stella Jones, Norma DeMatteo, Agnes Hanan, Catherine Hughes, Nell Miller, Mary Guibourdanche, Roberta Wiles and Minnie Sedlar.

Mrs Edith DiDonato was in charge of the social hour assisted by Mrs Dorothy Doty, Mrs. Mary Arcuri and Mrs. Minnie Sedlar

Plan Party

A business session preceded the party. Mrs. Katherine Kunsa, president, gave the opening prayer

Reports were given by Dorothy Gaydos, secretary; Shirley Marino, treasurer and Lucy Kasper, financial secretary

Notes of thanks were received from Rose Wadsworth and Roberta Wiles, who were remembered by the group when they were ill

Mrs. Martha Garafola reported on plans for the annual Christmas party. Mrs Norma DeMatteo was named as entertainment chairman.

Announcement was made of the nomination of officers which was conducted and plans were made for the election at the next meeting

The auxiliary prize was won by Catherine Hughes

Mary E. Cottom, Harry Linderman Are Married

Nuptial vows uniting Mary Edith Cottom, daughter of Mr. and Mrs William Cottom of Vanderbilt and Harry Linderman, son of Mr and Mrs Gus Linderman, were exchanged in Great Bethel Church, Vanderbilt, Oct 5

The Rev John Mueller officiated at the double ring service at 3 o'clock in the afternoon

Before the service, Alma Kern sang "The Lord's Prayer." She was accompanied by Irene Hoak at the organ.

Given in marriage by her father, the bride wore a floor length gown of white chiffon over lace styled with long sleeves fitted bodice and bouffant skirt Her fingertip veil of imported illusion fell from a crown of lace trimmed with seed pearls She carried a white Bible topped with a white orchid and stephanotis

Bridesmaids were Sara Jane Cottom and Mrs Harry Jones. They wore floor length gowns in pink and blue respectively Both carried colonial bouquets.

Best man was Odell Lee of Vanderbilt and Ernest Linderman was the usher

A reception at the Vanderbilt American Legion Home for about 200 guests followed the ceremony

The bride was wearing a gray suit when the couple left for a wedding trip

Local BPW Club Represented at District Meet

The annual fall meeting of District 3 of the Business and Professional Women's Club was held on Saturday afternoon and evening in McKeesport

Monessen BPW was represented by Mrs Margaret Schilling, Evelyn Arabia, Ann Sistek, Ruth Hornbake, Adeline Altomare, Jean Miller, Gloria Mahalko, Catharine Harris, Elizabeth Costa, Margaret Wilkins and Melia Van Duzen

The local club won the attendance award having 23 percent of the membership present.

Gloria Mahalko serves the District as recording secretary, and Margaret Wilkins as historian.

The Monessen delegation extended an invitation to hold the annual spring meeting here. It will be held on March 29

The afternoon meeting was held in the Presbyterian Church of McKeesport and the dinner session was held at the Penn McKee Hotel. The dinner speaker was Grace T Elliott, second vice president of the Pennsylvania Federation, who discussed "Our Forum" Vocal selections were by Murray Gold accompanied by Mrs. Max Shrader.

Lois Burkey Weds Robert R. Pekonen

Announcement is being made of the marriage of Lois M. Burkey of Ruffsdale to Robert R. Pekonen of Belle Vernon R. D. 3. The bride is the daughter of Mr. and Mrs. Edward Burkey, and the bridegroom is the son of Mr. and Mrs George Pekonen

Their wedding was an event of Saturday, Oct. 19, in the Winnet Methodist Church. The Rev. Anna B. Potter read the lines of the service at 6:45 p m Large ferns and tall lighted tapers held in seven branched candelabra decorated the church altar.

The bride was given in marriage by her father. She was attired in a white waltz length gown of lace and satin with a matching bolero. The bodice was styled along fitted lines and the skirt was in layers of ruffles. She wore a matching headpiece and carried a fan of red roses

Matron of honor was Mrs Ruth Dindle, who selected a poudre blue waltz length gown. It was styled with a fitted bodice and full ruffled skirt

Best man was Donald Dindle Ushers were Jayne Pekonen and Robert Burkey

The mother of the bride chose to wear a royal blue dress with beige accessories and a white carnation corsage. The mother of the bridegroom wore a navy blue dress with navy accessories and a white carnation corsage

Relatives and close friends were received by the couple at the home of the bride's parents. All decorations were in blue and white with white wedding bells as the motif. Guests attended from Canton, Ohio, Beaver, Greensburg and Scottdale.

When the couple left for a trip to Washington, D. C and Baltimore Md, the bride was wearing a navy blue ensemble. When they return they will reside at Ruffsdale R D. 1.

The bride was graduated from South Huntingdon High School and is now employed at Amco Emblem Co. Inc in Norvelt. The bridegroom was graduated from Rostraver High School and is now employed at Swift Homes Inc., in Elizabeth.

The Canastettes Entartain at Halloween Fete

Members of the Canastettes entertained their husbands at a Halloween party on Saturday evening at the home of Mr. and Mrs. Tom Conti Decorations were in keeping with the season, and all were in costume

Present were Mr and Mrs. Albert Valdiserri, Mr and Mrs. Ronald Valdiserri, Mr. and Mrs. Pat Fronzaglio, Mr. and Mrs. Conti, Mr. and Mrs. Phillip Forty, Sally Richter, Jack Garber, Mr. and Mrs Eugene Kowalski.

Dancing and games were enjoyed, and a buffet luncheon was served

On Oct 31 Mrs. Kowalski will entertain the club at the Park Casino.

LOCALS

Gini Campana, a junior at Monessen High School, represented the student group at the luncheon meeting for Dr. Fritz Heimplaetzer on Monday. Miss Campana, who corresponded with a student in Essen, Germany, was invited to the affair at the request of the guest of honor

Mrs Mabel Watson of Clairton spent the past week and half visiting here with local friends She formerly lived on Morgan Ave.

Mrs John Redbank is confined to her home in Monessen suffering from the effects of a fall down a flight of stairs.

There will be a service of Holy Communion on Friday morning at 10 a m. at Trinity Episcopal Church in observance of All Saints Day.

Mrs Paul Jodon of Reeves Ave. has been ill at her home for the past few days.

Trinity Guild Makes Donation At Church Home

The Women's Guild of Trinity Episcopal Church voted a donation to the Episcopal Church Home in Pittsburgh at a special meeting held in the parish house last night.

The contribution will be made tomorrow at the annual Donation Day to be held at the home. There will be open house and a chapel service at 3 30 p. m. The Rt. Rev. Austin Pardue, Bishop of the Pittsburgh Diocese, will be the speaker

Mrs. Ray Lear presided at last night's session, and plans were completed for the annual bazaar and dinner to be held in the parish house on Saturday.

A roast beef dinner will be served from 5 to 7 p. m. with Mrs. Earl Wahl as chairman and a large committee assisting her There will also be a booth for the sale of fancy work and one for the sale of home baked goods and candy.

The affair is open to the public.

The Montonions Are Entertained At Grogan Home

The Montonions were entertained on Saturday evening at the home of Mrs. Margaret Grogan. The session was conducted by Mrs. Delcie Taylor, president.

Reports were given by Barbara Johnson, acting secretary, Mrs. Nellis Williams and Mrs. Helen Draper.

After the business session there was a social hour. Barbara Johnson of Highland Ave. will be next hostess.

ON THE BALL

By CLAIR BROWN

Danser Sends Letter From Mars

Gene Danser, former Monessen High grad star and a Penn State graduate, now coaching at Mars High School sent greetings to all his Monessen friends through Bucky Lutes, popular local grid official, who officiated a Mars game last week against Evans City which the latter won, 21-0 . . . Despite the loss, Danser hopes to give Mars its first winning season in 15 years, his record now showing 3-3 . . . Gene is assisted by Bill Cessar, former Pitt standout, who replaced Sam Bitonti, ex-Monessenite, who formerly assisted Gene but has taken a teaching and coaching (assistant) job at Wilmerding High . . . Bucky reports that Danser showed keen interest in the Midget Football program here and the local City Basketball League in which he participated.

* * *

Harold Smith, former Greensburg High School basketball coach, who resigned to manage a motel in Florida, is now also teaching on the Junior High level there . . . The Greensburgers, by the way, appear to be coming up with a powerhouse cage team again . . . What's this about Joe Cunningham, the much-sought Connellsville grid hopeful who finally landed at Pitt, being unhappy with conditions at Skyscraper U. . . . Among things bothering the ex-Coker flash is the fact that in the Penn State-Pitt Frosh encounter he did not carry the ball once and he is supposedly Pitt's top running back . . . The Panthers will lose a prize if they let that one get away . . . With Cunningham, Monongahela's Fred Cox, Brownsville's Andy Sepsi and Bill Kaliden in the same backfield next year — Wow!

* * *

Charleroi Tabs Clairton Tops

Clairton's victory over Charleroi jumped the Bears six more points in the WPIAL standings to take over the top spot in the Gardner Rating system as New Kensington lost ground in beating winless Har-Brack . . . Wilkinsburg picked up eight points in topping previously unbeaten Hempfield . . . Now only Uniontown, (ranked second) and Baldwin remain in the AA race in addition to those mentioned here previously . . . California remains this area's lone championship hope in Class A with Centerville carrying district colors in the B competition . . . Incidentally, two of the next three foes on the Bellmar grid card are in the Class A title chase, South Union and North Union, both with 3-0 records.

* * *

Everett Pancook, Monessen High Athletic Director, is in Presbyterian Hospital, not West Penn(as previously published), if you care to drop him a card . . . The popular local AD will undergo minor (as far as the surgeons are concerned but probably major for Everett) surgery . . . Gallatin continues to reign as the top soccer section in the valley with the Patterson team from the Monongahela-Gallatin area rolling along as the only unbeaten team in the Washington County League with four victories . . . Only a tie mars the M-G entry mark . . . The Washington County loop leaders meet arch-rival Van Voorhis Sunday in what should be a hum dinger of a game . . . Roscoe entertains Avella Sunday . . . Roscoe has shown a terrific offense with only one less goal scored than by the leading Gallatin team but the Roscoe eleven has allowed 13 opponent goals, tops in the league.

* * *

Notre Dame Spirit Overwhelming

Nello Tineri, popular Monessen sportsman and his pals who attended the Pitt-Notre Dame game Saturday have joined the legion of fans who have made the trek to the South Bend school and came back singing the praises of the spirit of the student body there . . . Even for Pitt fans, like Nello, the constant chanting and cheering of the ND undergrads is overwhelming . . . We recall a Panther fan who had no love for Notre Dame, who attended a Pitt-Irish game with us a couple of years back . . . Despite his apparent dislike for the NDs, halfway through the third period, he leaned over to this writer and said, "Where do you register for classes at this school?" The "spirit" had him.

Today's Sports Parade—

Fraley Picks Irish, Nittany Lions, Pitt

By OSCAR FRALEY

TOKYO (UP)— Fraley's Follies and the weekend football "winners" — while saying "sayonara" to Japan and some of the things which will be missed.

Game of the Week

Notre Dame over Navy — This rates as one of these showcase games and therefore gets the national attention. The Fighting Irish spirit which conquered Army should give the South Benders a service sweep.

The East

Army over Colgate — I'll miss those mama-sans.

Princeton over Brown— They're wrinkled and 70-plus.

Columbia over Cornell — But wise, wonderful and serene.

Yale over Dartmouth—Probably because they don't have to read this kind of stuff.

Also: Penn over Harvard, Boston University over George Washington, Penn State over West Virginia and Pitt over Syracuse.

The South

Georgia over Alabama — Miss those pre-dinner hot towels, too.

Auburn over Florida — Every country should use 'em.

Duke over Georgia Tech— They refresh the weary diner.

LSU over Vanderbilt — Whether he plans to eat, or not.

Also: South Carolina over Maryland, Mississippi State over Tulane, Mississippi over Houston, North Carolina over Tennessee, Miami over Villanova, North Carolina State over Wake Forest, W&M over Citadel, Kentucky over Memphis State and Virginia over VMI.

The Southwest

Texas Aggies over Arkansas— You never saw such cherub-faced babies.

Rice over Clemson — Cuter than koala bears.

TCU over Baylor — Only they don't wear fur coats.

Texas over SMU— But, then, neither do the mama-sans.

Also: Texas Tech over Oklahoma State, Texas Western over Hardin-Simmons and Arizona over West Texas State.

The Midwest

Iowa over Michigan — Hate to miss this World Series.

Michigan State over Wisconsin— But they've got enough baseball fans.

Minnesota over Indiana — And not enough tickets to go around.

Ohio State over Northwestern— Which is just exactly like at home.

Also: Purdue over Illinois, Oklahoma over Kansas State, Nebraska over Kansas, Iowa State over Drake, Cincinnati over Detroit, Missouri over Colorado and Dayton over Wichita.

The West

UCLA over California — To all my friend-oes.

Stanford over Oregon — Thanks for the memories.

Oregon State over Washington State — So again, sayonara.

Southern California over Washington — And I sure do arrigato!

Also: Oregon State over Washington State, Marquette over College of Pacific, Idaho over Montana, Utah over Colorado State, Denver over New Mexico, Utah State over Brigham Young and Wyoming over Air Force Academy.

Juniors At Home Tonight

Coach Al Romasco's Monessen Junior High eleven meets Canonsburg Junior High in a 7:30 o'clock battle at the Stadium here tonight.

The locals are undefeated having won the only two games played, against Brownsville, 13-7 and Charleroi 21-13 when the locals snapped a 20-game streak for the Cougars.

Canonsburg always fields a strong entry and should give the locals quite a battle.

Romasco will start his usual eleven tonight of Felgar and Darby at ends, Masci and Yatchshyn at tackles, Rozycki and Grogan at guards, Yadrick at center with Romasco, Reed, Bewzska and DiaGiacomo in the backfield.

DiiaGiacomo and Bewzska have been doing most of the locals' scoring with Quarterback Romasco taking excellent care of the passing attack and running of the team.

Bellmar To Honor Senior Gridders' Parents Tomorrow

Bellmar High School will honor its senior gridders, and cheerleaders tomorrow night at halftime of the South Union game which will be the Hurricanes' "Parent's Night" tilt.

Parents of the senior gridders and cheerleaders will be singled out during a special half-time show.

Meanwhile, Coach Bap Manzini of the 'Canes will be worrying about unbeaten South Union team which is third in the Class A title race sporting practically an all-senior team with an excellent quarterback in Novak and a top-notch pass-receiver in Rae, a potent touchdown combination.

Connellsville radio station WCVI will broadcast tomorrow night's game between the 'Canes and Unionmen.

Rostraver Adjusts Grid Schedule

Rostraver High School has made some schedule adjustments, Athletic Director James Weir announced today.

The Carmichaels game will be played this Friday night as planned at Carmichaels.

The Penn Joint game originally set for next Saturday will be played next Thursday. A Glassport tilt postponed from Oct. 4 will be played Nov. 14 (Thursday), while the postponed tilt with North Huntingdon may be dropped.

Meanwhile, tonight at the Rostraver Stadium the Junior High will battle South Huntingdon in a "Parent's Night" game at 9:30 o'clock.

Hornets Battle Pitcairn Eleven

West Newton High School battles Pitcairn tomorrow night at West Newton.

The Hornets are enjoying one of their best grid seasons with wins over such top teams as South Huntingdon and Perryopolis and neighborhood rival Rostraver.

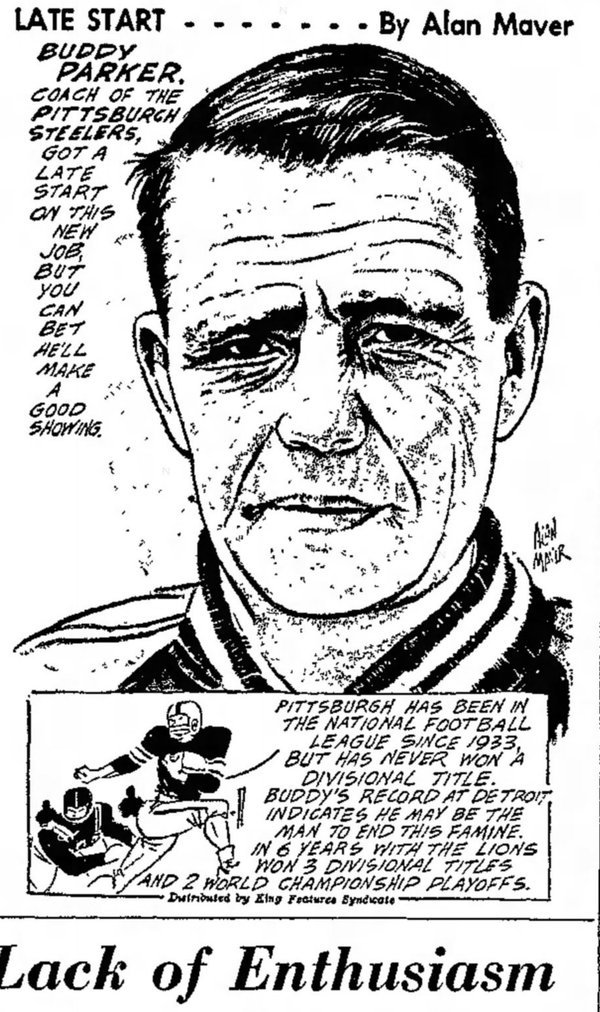
Coached by a former Monessen athlete Andy Yarton, the West Newton eleven will be meeting a tough Pitcairn eleven tomorrow night in what should be an interesting game.

Kickoff time is 8 o'clock.

Barrow Rites

WHITE PLAINS, N.Y. (UP)— Funeral services for Fannie T. Barrow, 77-year-old widow of ex-New York Yankee president Ed Barrow, will be held Thursday at Christ's Church, Rye, N.Y. Mrs. Barrow died Tuesday at her home here.

LATE START - - - - - - - By Alan Maver



BUDDY PARKER, COACH OF THE PITTSBURGH STEELERS, GOT A LATE START ON THIS NEW JOB, BUT YOU CAN BET HE'LL MAKE A GOOD SHOWING.
PITTSBURGH HAS BEEN IN THE NATIONAL FOOTBALL LEAGUE SINCE 1933, BUT HAS NEVER WON A DIVISIONAL TITLE. BUDDY'S RECORD AT DETROIT INDICATES HE MAY BE THE MAN TO END THIS FAMINE. IN 6 YEARS WITH THE LIONS WON 3 DIVISIONAL TITLES AND 2 WORLD CHAMPIONSHIP PLAYOFFS.

Lack of Enthusiasm Worrying Niccolai

Coach Armand Niccolai of the Monessen High Greyhound gridders reported the locals in "pretty good" shape for the important battle with arch-rival Charleroi at Charleroi Friday night.

"The main thing we need now is polish," stated Niccolai, citing the "rustiness" of the 'Hounds from lack of action, having played only two games in six weeks due to the flu epidemic.

Niccolai also said he was worried over a lack of enthusiasm on the part of the players which naturally comes from being out of action for so long.

Allen OK, Churan Out

The 'Hound mentor tabbed Ed Allen as nursing a charley horse but said the big tackle would be ready. Mike Churan, former regular center, will be out, however, with a leg injury suffered in the Uniontown game which also caused him to miss the Redstone encounter.

Otherwise the usual 'Hound starting array of Guibourdanche, O'Toole, Pascarella, Pauline, Throop, Gigliotti, Barton, Bronson, Karbowsky and Rattay are all physically set for the Cougars and need only to get ready mentally.

Over Charleroi way, Rab Currie claims the Cougars are demoralized over the loss to Clairton.

He credited Gary Hogan, sub quarterback for Ron Cosner as doing a bang-up job against the Bears but said Cosner's experience was missed.

"Our backs were hesitating," said Currie, "And as soon as they get used to Hogan's handoffs everything will be okay." The 'Hounds hope to prove him wrong.

A banner crowd is expected to witness the game.

Tie for First in Slovak Ladies Loop

A tie developed in the Slovak Ladies Bowling League last night following one more win by Ladies Auxiliary than by Christian Mothers, to tie the two entries for first place.

Irene Kandrick topped all scorers with a 183-427 trailed by Lee Kolvek, Jean Onufer, Margaret Yanachik and Betty Chomko.

Standings — Christian Mothers 15-6, Ladies Auxiliary 15-6, Holy Name 7-14 and Slovak Home 5-16.

Yokes Attest to Power

NORMAN, Okla (UP) — Bill Krisher, 216-pound Oklahoma guard, displays two pair of broken shoulder yokes as evidence of the force of the blocks he throws to help spring Sooner backs loose. At $35-a-pair, Sooner equipment men wish Krisher could flatten opponents with a bit less gusto.

Final Night to Buy Cougar Game Ducats

Tickets for the Charleroi-Monessen game at Charleroi Friday night remain on sale tonight, Monessen High Faculty Manager of Athletics Armand Mori announced this morning.

"Several hundred tickets are left, Mori stated," and we will sell them early tonight (from 4 until 6 p. m.) to enable the fans to attend the Monessen-Canonsburg Junior High tilt at the Stadium.

Tonight's sale will probably be the final public sale of tickets here for the game, Mori added.

DeMarco, Maiolini Top St. Cajetan

Carmen DeMarco and Joseph Maiolini shared honors in the St. Cajetan Bowling League last night as Carmen showed the top three-game mark of 505. Maiolini the top single mark of 212.

Others with high point-totals were Patsy Santoro, Joe Bafile, Adolph Damore, Ralph Greco, Frank DeLuca, Steve Hardoby, Joe Gallo and Ernest DeLuca.

Niagara, St. Francis, St. Vincent, Fordham and Georgetown copped last night's matches.

Standings — Niagara 14-7, St Francis 13-8, St. Johns 13-8, Notre Dame 11-10, Duquesne 10-11, Fordham 11-10, Loyola 9-12, Villanova 9-12, St. Vincent 9-12, and Georgetown 7-14.

Lehigh Leads Lambert

NEW YORK (UP) — Lehigh, which has defeated two major college foes this season, was rated 9.92 out of a possible 10 today to lead in the running for the first Lambert Cup, emblematic of the small college football championship of the east. Amherst was rated second at 8 3 and Tufts third at 7.6.

Host Progresses

CHICAGO (UP) — Chancellor Enrique Aguirre of Mexico City said Tuesday that Chicago has made satisfactory progress in its role as host for the 1959 Pan American Games. Aguirre met Tuesday with committee chairmen of the games.

Vocational in Upset Of Lincoln Entry, 13-7; Jefferson Unbeaten

Lutesmen Rally For First Victory; Crabtree Again Paces Jefferson

Jefferson finished the season unbeaten with an 18-7 win over Frank-Lin but the Vocational upset of Lincoln, 13-7, highlighted the Midget League final regular season double-header at the Stadium last night.

Coach Bucky Lutes' Vocational eleven, defending champions of the league who hadn't won a game up until last night, rallied from a 7-0 deficit in the first quarter to cop the victory.

In the first game it was again Eric Crabtree, classy Jefferson back who showed the way for the 1957 champions as he rolled to all three touchdowns in the final victory. (A complete run-down of the Midget scoring will appear here later).

Crabtree ran 57 yards in the first quarter, then raced 37 yards in the second period but the Frank-Lins got back in the game when Quarterback Billy Tweardy passed to Bill Kachmarik who lateralled to Johnny Popovich for a 35-yard touchdown play. Tweardy then hit Kachmarik with a pass for the extra point and a 12-7 count.

Crabtree Off Again

Again Crabtree took matters into his own hands, however as he ran 16 yards to paydirt to climax a long drive which also featured his running.

Frank-Lin employed a novel 3-5-3 defense attempting to stop the heralded Jeff back but to no avail.

Lincoln started out as if to make a rout of the second game when Billy Tansmore scored from 6 yards out to cap a 45 yard drive after recovery of a Vocational fumble. Frank Destefano ran for the extra point and a 7-0 lead.

Fullback Ralph Nuzzaci of Vocational passed 25 yards to John Sivie to set up a score with Nuzzaci finally going over from the four but missing the extra point.

The 7-6 count remained until the fourth period when Nuzzaci took off for a 25 yard run to the six yard line and a short while later hit Tommy Hornack who went over for the score with Nuzzaci adding the extra point to give Vocational its initial win against five losses.

Lincoln finished in second place with a 3-3 record, Frank-Lin next with 2-4, all behind Jefferson's 6-0 record.

Next action for the Midgets is on Nov. 12 when the Jefferson team will meet the All-Stars in the annual classic.

Vocational	0	6	0	7	—13
Lincoln	7	0	0	0	— 7

Touchdowns — Nuzzaci, Hornack (Vocational), Tansmore (Lincoln). Extra points — Destefano (Lincoln); Nuzzaci (both runs).

Jefferson	6	6	6	0	—18
Frank-Lin	0	7	0	0	— 7

Touchdowns — Crabtree (Jefferson) 3; Popovich (Frank-Lin) lateral from Kachmarik after pass). Extra points — Kachmarik (pass from Tweardy).

Officials — Steve Tkachik, Boots Salotti, Archie DiCenzo (both games).

Ann Yocos Sets Pace In St. John's Loop

Joseph and Dacko blanked Costello and Kerr in St. John's League Bowling action last night.

A. Yocos rolled a 151 and a 394 for top honors while K. Joseph, B Gladys and A. Roman had the next highest point totals.

Standings — Dacko 17-7, Kerr 11-13, Costella 10-14, Joseph 10-14.

Davis Cuppers Leave

NEW YORK (UP) — Non-playing captain Billy Talbert of New York, Vic Seixas of Philadelphia, Herb Flam of Beverly Hills, Calif., Barry McKay of Dayton, Ohio, Mike Green of Miami Beach, Fla., and Ron Holmberg of Brooklyn of the U.S. Davis Cup team will leave Oct. 30 for Australia. The sixth member of the team, Gardnar Mulloy of Miami, Fla., will join the squad three weeks later.

Indiana Suspends Two Grid Players

BLOOMINGTON, Ind. (UP) — Two Indiana University Football players, one from Clearfield, Pa., were dismissed Tuesday for disciplinary reasons.

Vic Jones, tailback from Clearfield, and end Ted Aucreman, of Lancaster, Ohio, were dropped from the Big-Ten cellar-dwelling for repeatedly breaking training rules, according to acting coach Bob Hicks.

Jones started in the Hoosiers' first four games.

"Although we can ill afford to lose any members of our small squad at this time, we are determined that its members at all times abide by our training rules and regulations," said Hicks.

Li'l Leaguer

"All right, let's huddle . . . one of you grab the rake and take out leaves while the other one goes through with the mower and . . . !"

LeBaron, Wilson Still Leading at Pro Halfway Mark

PHILADELPHIA (UP)—The National Football League's leaders in passing, rushing, pass receiving and scoring remained unchanged today as the teams headed for the halfway mark in the season's play.

Eddie LeBaron of Washington, the little guy among the big guys, stayed put as the No. 1 passer with Tommy Wilson of Los Angeles as the leading rusher.

Clyde Conner of San Francisco was first among the pass receivers and Jim Mutscheller of Baltimore, despite a blanking last week, held down the top rung in scoring.

LeBaron upped his passing average to 10.96 yards gained for every pass thrown, with 44 completions in 67 passes and a net gain of 734 yards. The Redskins' wee one has tossed seven touchdown passes, and only three of his shucks have been intercepted.

Wilson, with 450 yards gained, held a 106-yard bulge over second place Hugh McElhenney of the Forty-Niners with Ollie Matson of the Chicago Cardinals in third place with 305 yards. Rick Casares of the Chicago Bears, last year's rushing champion, was seventh with 266 yards.

Tommy O'Connell of Cleveland was second in passing with a 9.04 yard average, followed by Lamar McHan of the Cardinals, Eddie Brown of the Bears and John Unitas of the Colts, who dropped from third to fifth place.

Unitas gained the most yards (982) and threw the most touchdown passes (14). Earl Morrall of Pittsburgh was second in total yardage with 909.

Conner's 23 completions gave him a three-pass edge on Johnny Carson of Washington, Mutscheller and Jim Dooley of the Bears, all tied for second place with 20 receptions.

Boudreau May Return To Indians as Coach

CLEVELAND (UP)—Lou Boudreau, who rose to fame as the "boy wonder" manager of the Cleveland Indians, may be returning to the scene of his greatest triumphs as a coach.

Boudreau said Tuesday at his Harvey, Ill., home that he had been negotiating for a coach's position with ousted Cleveland General Manager Hank Greenberg and still would accept the post if the directors of the club go through with Greenberg's offer.

Rookies Having Great Year in National Football League Race

By EARL WRIGHT

National Football League rookies are as busy as ants at a picnic this season.

In past years, first-year players felt lucky if they could stick on a pro squad and see a few minutes action when a game was won or lost. The rookies have changed the script in 1957.

Of the 145 touchdowns scored so far this season, rookies have been involved in 35 or nearly one-fourth of the total. Rookies have scored 19 touchdowns on runs or plunges, caught 13 touchdown passes, scored two on interceptions and passed for another.

Cothren Toes Well

In addition, Paige Cothren, the former Mississippi star is making like Lou Groza with his foot. Cothren has kicked five field goals and 12 extra points for the Los Angeles Rams to lead the first-year players in scoring with 27 points.

Willie Galimore of the Chicago Bears, a former Florida A & M player who didn't show on the 1956 All-Americas, leads the rookies in touchdowns with six.

R. C. Owens of the San Francisco Forty-Niners, a College of Idaho lad you won't find on any 1956 All-America teams, is second to Galimore among the rookie touchdown-makers with four on pass receptions.

'Skins Start Three

Paul Hornung of the Green Bay Packers, Jim Brown of the Cleveland Browns and Jim Podoley of the Washington Redskins are next among the rookies with three touchdowns apiece. Washington has three rookies in its starting offensive backfield and they have contributed eight touchdowns.

In Sunday's other games, the Forty-Niners are 3½ point choices to beat the Detroit Lions at San Francisco; the Rams are favored over the Bears by three at Los Angeles; the Giants are favored over the Packers by six at Green Bay; the Colts are favored over the Pittsburgh Steelers by 7½ at Baltimore, and the Cardinals are favored over the Philadelphia Eagles by seven at Chicago.

Remember? . . .

By UNITED PRESS

LESTER PATRICK

Though he spent 19 years as a hockey player, many more as coach and manager and fathered two hockey stars now serving as general managers of National League clubs, Lester Patrick is best remembered for the 1927 Stanley Cup playoffs. When the New York Rangers goalie was injured, Patrick came off the bench to replace him and won the game despite his 45 years and complete unfamiliarity with the position.

Whatever happened to Lester Patrick? Today, at 75, he is retired and living in Victoria, B.C.

Engle Seeking Ground Game for Mountaineer Tilt

UNIVERSITY PARK, Pa. (UP)—Penn State coach Rip Engle is seeking to construct a solid ground game as he prepares his squad for Saturday's meeting with West Virginia.

"We've lacked consistency and we're trying to find out what we can do to correct the situation," he explained.

"We've moved the ball along the ground for long distance at least once in every game, but seldom do we repeat."

Engle has named two sophomores to fill in for a pair of ailing first stringers for the Mountaineers game. He nominated quarterback Richie Lucas as a sub for Al Jacks and Sam Stellatella for guard Willard Smith.

West Virginia coach Art Lewis was undecided on his starting quarterback. The nod could go to either Dick Longfellow of Spencer, W. Va., or Mickey Trimarki of Burgettstown, Pa.

In Tuesday's practice session, Lewis sent his team through a 50-minute scrimmage. Punting as well as blocking was emphasized. Blocking has been one of the Mountaineers' weaknesses.

Lewis reported all members of the squad will be ready physically for the game.

The top Nittany Lion ball carrier, Dave Kasperian, gained 285 yards in 79 carries, is expected to give West Virginia trouble Saturday. Kasperian, who has gained 125 yards more than his nearest competitor, was rated no better than No. 2 at the season's start.

Michelosen Fears Panther Slump

PITTSBURGH (UP)—Pitt coach John Michelosen said today he was afraid his team might slump after being worked up to a climax for the Notre Dame and Army games.

The Panthers, who meet Syracuse Saturday, were defeated, 29-13, by the Cadets two weeks ago and 13-7 by the Irish last week.

Michelosen said his boys were "up" for the Notre Dame game.

"Our showing last week was the best team effort of the season. The boys went all out the entire distance," he said.

Val Pinchbeck, of the Syracuse public relations staff, said the Orangemen were at their poorest of the season last week against Penn State. He said Syracuse could be expected to make a better showing against Pitt.

Pitt was the only team to defeat the New Yorkers last season.

Betza's Bowling Best In Monessen LCL

R. Betza took top honors in the Monessen Ladies City Bowling League last night with a 199-487 as Mt. Mercy, Seton Hill, Cedar Crest, Rosemont and Ladycliff copped victories, all by 2-1.

Other leading scorers were S. Matheson, S. Pascotti, B. Malenchak, P. Woodward, R. Jannotta, M. Opalinski, L. Myers, T. Cieply, N. Titkowski and M. Columbus.

Five of Nation's Unbeaten Choices To Win Saturday

NEW YORK (UP)—Five of the six major undefeated and untied college football teams are favored by oddsmakers to retain their perfect records in Saturday's games.

The sixth team — Iowa — was rated even in its national television game with Michigan.

Notre Dame was rated three points over Navy; Texas A & M was six over Arkansas; Oklahoma was 30 over Kansas State; Auburn was eight over Florida, and Dartmouth three over Yale.

The oddsmakers, perhaps made wary by upsets, were cautious, and 22 of the 39 games on the card had a spread of one touchdown or less. As usual, Oklahoma was the biggest favorite.

Odds Are Close

The Iowa - Michigan game was the closest, of course, and four were one-point picks — Nebraska over Kansas, Stanford over Oregon, West Virginia over Penn State and Baylor over Texas Christian.

In games Friday night, Boston University was six over George Washington and Miami of Florida was 15 over Villanova.

Here are the point-spreads on the other leading Saturday games, by sections:

East — Dartmouth 3 over Yale; Princeton 7 over Brown; Pittsburgh 9 over Syracuse; Penn 13 over Harvard; Cornell 13 over Columbia; Army 26 over Colgate.

Other Picks

Midwest — Wichita 2 over Dayton (night); Notre Dame 3 over Navy; Illinois 5 over Purdue; Cincinnati 6 over Detroit; Colorado 7 over Missouri; Michigan State 8 over Wisconsin; Ohio State 14 over Northwestern; Minnesota 26 over Indiana.

South — South Carolina 3 over Maryland; LSU 6 over Vanderbilt; Tennessee 7 over North Carolina; Georgia 8 over Alabama; Mississippi State 17 over Tulane; North Carolina State 18 over Wake Forest; Mississippi 20 over Houston.

Southwest — Texas 6 over Southern Methodist; Oklahoma State 8 over Texas Tech; Rice 11 over Clemson (night).

Far West — Washington 6 over Southern California; Oregon State 7 over Washington State; UCLA 7 over California; College of Pacific 12 over Marquette.

Sid Watson Now Steeler Again

PITTSBURGH (UP) — Halfback Sid Watson, a former Pittsburgh Steelers player and more recently with the Washington Redskins, was back with the Steelers today.

Watson has seen no action this season since the Steelers-Green Bay Packers exhibition game, when he dislocated an elbow playing for the Steelers.

He was placed on waivers and picked up by Washington which dropped the roaming halfback following the Tribe's game with the New York Giants last Sunday. This action sent him back to the Steelers.

Slotback Bob Gunderman was released by Pittsburgh to make room for Watson.

Coach Buddy Parker sent Pittsburgh through a light drill Tuesday in preparation for Sunday's game with the Baltimore Colts in Baltimore.

Quarterback Earl Morrall, suffering from a bruised side, was expected to be ready for the game.

Akins Knocks Out Tony DeMarco for Eight-State Title

BOSTON (UP)— A grinning Virgil Akins, still elated at being the welterweight champion of eight states, rejected the prevailing thought today that a flock of other contenders in 40 states did not recognize his paper crown.

"This was the title fight, no elimination tournament for us," said manager Bernie Glickman with tongue in cheek after the six-ranked Akins had knocked out former champion Tony DeMarco in the 14th round of their scheduled "title" 15-rounder Tuesday night at Boston Garden.

The 29-year-old Akins who supposedly hurt his right hand in losing recently to Gil Turner, showed no evidence of the injury as he clubbed the top-ranked contender to the canvas twice in the 10th round, again in the 13th and twice in the decisive round before the third and final count at 1:17 of the 14th.

"Anybody who wants the title can come and get it," said Glickman as he thumbed his nose at five other possible contenders, 39 member states of the National Boxing Association and the New York State Boxing Commission.

Colorado Coach Gets UP Honor for Nearly Topping Oklahoma Sooners

By GENE MEAKINS

BOULDER, Colo. (UP)—He told his players that "you fellows have gotten yourself into this thing—now go out there and get yourselves out of it."

Three hours later, after those same players had come within one point of tying the nation's No. 1 team, he said that "we're disappointed as hell."

He learned the single wing from an acknowledged master but he spiced it with enough split-T and winged-T variations to come within a breath of the college football upset of the year.

Nearly Upset Sooners

He's Dallas Ward of Colorado, the United Press Coach of the Week after his Colorado Buffaloes almost buffaloed mighty Oklahoma before dropping a 14-13 heartbreaker.

The 51-year-old Ward, now in his 10th season as head coach at Colorado, has produced winners annually since 1950 but confessed Oklahoma is his big target each year.

In 1952, the 21-21 tie between the two teams marked the first time since 1946 that Oklahoma had failed to win a Big Eight game. In 1956, Colorado led the Sooners, 19-6, at halftime only to have Oklahoma pull out a 27-19 squeaker.

Ward, a Lexington, Ore., native who was captain of Oregon State teams in football, baseball and basketball, made his coaching debut in 1928 at a Minneapolis high school. From 1936 through 1947, with time out for Navy service, he was an assistant at Minnesota under single-wing disciple Bernie Bierman. He moved to Colorado in 1948 and put his offensive genius to work.

Merchants & Business Men Be On Guard!

Don't be suckers for smooth talk and so-called political influence and prestige. The Mayor first went to Harrisburg to get new industries and came back with a $15,000 job for himself. That's pretty good influence. He has not been instrumental in getting a single new industry into the town in his entire career. In fact he has been accused of driving one industry out. Then he went to Harrisburg and encouraged the State to take over Monessen in the form of wider streets and better State highways through our town at a time when we are having serious traffic problems and at a time when towns are fighting the State to have their highways re-routed around their towns in order that the large trucks and trailers can be diverted. Does it take political influence to get something other towns don't want? Yet the Mayor yells progress in spite of the fact that merchants are having difficulties. As witness, the two recent bankruptcies, the first in 20 years and more empty storerooms than ever in the history of the town at a time when industry is operating at a high level and payrolls the highest in history.

He is too busy working for the State instead of Monessen. Eleven of his twelve years in office he has been too busy feathering his own nest. The last year he has become civic-minded, thus has not had the experience of what this town actually needs. This blundering must stop! Guarantee yourselves against a serious blunder by voting him out of office. Put people in office who will work for and promote MONESSEN.

College Grid Attendance Shows Increase in East, Down in West

By FRANK LITSKY

NEW YORK (UP)—College football attendance is up in the eastern half of the nation, down in the western half and almost the same nationally this season compared with the corresponding period of a year ago, a United Press survey showed today.

The tabulations, based on home crowds at 109 colleges, showed that the average attendance during the first half of the present season was 25,481 a game against last year's 25,489. That decrease of eight customers a game means an overall drop of 0.03 per cent.

The East, South and Midwest all showed increases, the East leading with a 9.38 per cent rise. Attendance dipped in the Midlands, Southwest, Rockies and Pacific Coast, with the coast falling 10.42 per cent for the largest loss.

The University of Michigan, whose stadium seats 101,001, again led all other colleges in total attendance with 256,986 for three games. The Big 10 also provided the national runnerup in Ohio State, where 242,986 have watched three games. Those huge turnouts helped Midwest attendance rise 2.28 per cent.

Elsewhere:

East — Army leads with 141,758 in three games, including the 96,000 who turned out for the Army-Notre Dame game in Philadelphia.

South — Attendance up 4.93 per cent. Louisiana State leads the section with 198,800 in four games, three under the lights.

Pacific Coast — UCLA is the sectional leader with 215,330 in six games. Contributing heavily to the area decrease were drops from 268,407 to 189,995 by Southern California in five games and 218,000 to 117,000 by Stanford in four games.

Rockies — Attendance down 4.71 per cent, largely due to a drop of more than 50 per cent at Colorado State. Colorado leads in total turnout with 90,500 for three games.

Southwest — Attendance down 4.30 per cent with nosedives at Southern Methodist and Houston. Texas has drawn the largest crowds with 198,000 for three games, all at night.

Midlands — Attendance down 0.20 per cent with Tulsa and Wichita showing the widest dips. Oklahoma is the attendance leader with 166,700 in three games.

Ray Calderone Sharp For BM Electric

Ray Calderone rolled a single game high of 232 and a three-game total of 554 in a sparkling exhibition of bowling to pace the Blooming Mill Electric League last night.

Trailing the top bowler were Cee Brown, Mike Kizman, Bill Mullens, Andy Drahobecky and Frank Rubachko.

Buds, Rays and Petes won the matches over Joes, Macs and Steves.

Standings — Rays 24-6, Buds 15-15, Petes 15-15, Joes 13-17, Steves 13-17, and Macs 10-20.

Whitehead Resigns

NEW YORK (UP)— Don Whitehead resigned as head of the New York Herald Tribune's Washington Bureau Tuesday because of illness and was succeeded by Robert J Donovan Herald Tribune President and Editor Ogden R Reid said Whitehead, author of "The FBI Story," had been ill for several months and asked to be relieved of his duties Donovan joined the paper in 1937 and had been in the Washington Bureau 10 years He is author of "Eisenhower. The Inside Story"

Jehovah Ministers Meet This Week End

The semi-annual assembly of ministers comprising Pennsylvania Circuit No. 8 of Jehovah's Witnesses will be held this week end at East Fairmont High School in West Virginia.

A Galuppo, minister in the Monessen district, said the theme of the assembly will be "Qualified to Teach." The week end affair will begin on Friday at 6 45 p. m

Damages Are Sought

THE HAGUE, Holland (UP)— The International Court of Justice said today the United States has asked proceedings against Communist Bulgaria in connection with the shooting down of an Israeli airliner over Bulgaria in July 1955

U. S. Wants 'War Crisis' Debate Dropped

UNITED NATIONS (UP)— The United States wants the entire Turkish-Syrian dispute wiped off the U N. agenda now that the Russians apparently have changed their tune, a top American source said today.

Washington, the informant said, would prefer to have the issue "die with a dull thud"

There were indications the General Assembly was seeking ways to close the book on the "war crisis" between Syria and Turkey. The Syrian delegate is expected to make another speech when the assembly convened today. There was little likelihood that he would formally move to send a multi-power investigating team to the Middle East

Indian Defense Minister V. K Krishna Menon, markedly quiet during the previous acrimonious debate, also was expected to speak today. It was believed that he would offer a "compromise" proposal to end discussion.

The emergency "war crisis" atmosphere whipped up by the Soviet-Syrian charges against the United States and Turkey almost completely evaporated Tuesday.

Soviet Foreign Minister Andrei Gromyko made an unusually mild reply to the blistering attack on Soviet foreign policy by U S. Ambassador Henry Cabot Lodge last week.

And in Moscow, Communist Party boss Nikita S. Khrushchev made the observation during a reception at the Turkish Embassy that the "compass needle" seemed to have swung toward peace.

May End Crisis

Observers said that on the basis of Gromyko's remarks here and Khrushchev's activities in Moscow, the Russians apparently would not be adverse to dropping further debate on the "crisis."

Syrian Foreign Minister Salah El Bitar also toned down his verbal attacks on Turkey and the United States.

Many western observers believed the Kremlin is satisfied with the results of its propaganda in creating what the United States and Britain flatly denounced as an "artificial war scare."

They said Moscow had presented itself as the "big brother" of the Arab world.

In addition, the observers said the Moscow "crisis" helped to detract attention from the first anniversary of the Hungarian revolt and the political shakeup in the Kremlin itself.

Ninth Is Pentomic

WASHINGTON (UP) — The 9th Infantry Division will reorganize itself along "pentomic" lines December 1, the Army announced. The 9th is the last of 15 divisions to begin conversion to atomic warfare organization.

Girl Scouts in Campaign Here Tonight for UNICEF

Twenty-five children with the Senior Girl Scout Troop acting as big sisters, will be divided into teams for the purpose of helping UNICEF, the United Nations Children's Fund, in the Fayette City area this evening

The girls will meet at the Legion Home, there be assigned to their territory. They will call at each home for a treat which will be passed on to help in the gigantic task of assisting underveloped countries in their fight against the dread diseases which affect millions of their children

The youngsters will call at the home soon after 6 15 They will be equipped with official badges and collection containers in which the people will place their contribution The children are aware that the treat is not for them but have been instructed in the use of the money that will be received it is their way of sharing

This is the first year that the UNICEF plan has been conducted in the community. The drive is being sponsored by the Woman's Society for Christian Service of the Methodist Church

The children will return to the Methodist Church social rooms where they will receive a treat and turn in the funds they have received They money will be forwarded to the UNICEF division of the United Nations to be used where it will do the most good for the other children of the world

Fashion Show Presented by Woman's Club

A Fashion Show was presented by the Fayette City Woman's Club last night in the auditorium of the Community Center.

Showing clothes for winter wear both in sports and dressy styles as well as coats and furs, were models wearing fashions from Rosenberg's, Charleroi.

The models were presented by Marty Rosenberg, who described each outfit as it appeared on a stage setting of fall flowers

Mrs. George Troth president of the club, greeted the guests, then presented Rosenberg Dorothy Yelanich sang two selections Caribim and Eternity She was accompanied at the piano by Mrs George Hancock

A flute and accordian duet was presented by Diana Williams and Paula Jacques

Door prizes were awarded to Mrs Clifford Breakwell, Mrs Lucy Braithwood, Mrs Edwin Hindmarsh, Mrs Ella Shatter and Miss Hildred Nelson

At the conclusion of the show members of the committee served refreshments In charge of the show were the co-chairmen of Ways and Means, Mrs John Travelsarra Mrs Michael Yusko and Mrs Willard Auther Mrs Howard McCrory was in charge of the program

Ladies Aid in Friday Meeting

The Ladies Aid Society of the Fayette City Church of Christ met on Friday evening at the home of Mrs Thomas Cramer, Middle St for a worship service, business meeting and social hour.

Mrs. Helen Elend, devotional leader, chose for her topic "Christ's Twelve Disciples" The business session was in charge of the president, Mrs. Lucy Braithwood

Mrs. Cramer was the hostess Two guests, Mrs Mary Scroggs and Mrs. Edyth Croushore, were present.

Class in Meeting

The I.H.M.S. Class of the Methodist Sunday School will hold its regular monthly meeting tomorrow evening in the church social rooms. There will be devotional, business and social sessions during the meeting

Council Meeting

The Fayette City Borough Council will meet tonight at 7:30 in the Council rooms of the Borough Building.

Retail Food Prices To Decline Gradually

WASHINGTON (UP)—The Agriculture Department said today retail food prices will decline gradually during the remainder of the year but are expected to average "well above" a year ago.

Total consumer spending for food in 1958 is likely to surpass "moderately" that of 1957, the department said. The increased outlays will be due principally to the population increase and "somewhat higher" prices of food, at least during the first half of 1958

Rites for Mayer

HOLLYWOOD (UP) — Funeral services will be held Thursday for Louis B. Mayer, onetime giant of the Hollywood movie industry. Mayer died Tuesday of anemia brought on by acute leukemia at rites will be held at the Wilshire six weeks. He was 72. The final he had been a patient for nearly the UCLA Medical Center where Boulevard Temple.

Star Junction Road Widening To Start Soon

Work on the widening and resurfacing of Route 51 from Uniontown to Star Junction will be started about Nov. 1, according to Anthony Marsoline, owner of the construction company, who has the contract.

The Route 51 improvement program will take about a year and a half, depending on the weather.

The project will be divided in two parts extending from a point north of Uniontown to Star Junction.

The highway will be widened resurfaced with blacktop

The work will be held up until the contracts arrive from the Highway Dept in Harrisburg, the contractor said.

Men in Tahiti like to wear flowers in their hair

Ground Broken For New School

Workmen are completing the excavation at the site of the new Mary Fuller Frazier Memorial High School at Perryopolis.

Officials of the Fairchance Lumber Co., which has the general contract for the new school, announced that the staking of the building will be finished in a few days and concrete will be poured for the footers as they are excavated, if the good weather holds.

The firm has until August 1959 to complete the project.

Pleasant Hills Parish Holds Recent Parley

A planning conference of the Pleasant Hills Parish was held recently in the Vanderbilt church

Conference leaders were Stanley Griffith, Vanderbilt Rev Arthur Stephenson, of Elizabeth, K Darr Briggs, student pastor, Rev Robert Zorn, associate pastor and Rev. Charles Eble, pastor

Forty-four delegates registered from the five churches of the parish, Tyron, Dunbar, Leisenring, Laurel Hill and West Leisenring

The highlight of the meeting was a candlelight service in which several churches took part

A representative from each church took a light from a tall central taper, and presented it to the delegate of his church

The service symbolized the spreading of the light of Christ

The group sang the Lord's Prayer, accompanied by Ella Byers.

Hooligans on Trial

VIENNA (UP) — Three groups of "hooligans" have gone on trial in Prague on charges of staging demonstrations against the Communist Czech regime, Prague Radio reported today The broadcast heard here said the defendants, "adherents of the American style of life," were initiators of anti-state outbreaks in downtown Prague earlier this month.

Mr and Mrs. Howard England and their daughter Leslie have have moved from their former home on New 51 into Perryopolis proper, in the home of Mrs. Chads Chalfant, Mrs. England's mother Mr. and Mrs James Essinging and their son, Jimmy, moved into the England home. They had lived in the Washington Mill project.

Girl Scouts in Halloween Party

A Halloween party was held on Monday evening for members of Intermediate Girl Scout Troop 62 under the direction of Mrs Melba Woods, leader and Mrs. Althea Heath co-leader.

The girls arrived at the Little House in costume and each received a Girl Scout pencil as a prize.

Games were played and winning prizes were Sharon Heath and Janet Wilkinson. Halloween appointments were used in the serving of refreshments and a pumpkin favor marked each cover at the large table.

The regular meeting will be held next Monday at 4:30 p.m.

BELLE VERNON AND DISTRICT NEWS

Correspondent: Mrs. John Hurley — Phone B. V. 1058

Eddie Martin Is Honored at Party

Eddie Martin, son of Mr. and Mrs. Edmund Martin of Market St., entertained a group of 21 young friends at a Halloween party at his home on Monday evening

The children were all in costume and prizes were awarded to Kim Ringstad for the prettiest costume and Bruce Usher for the funniest

Games were played and Mrs. Martin served luncheon using all Halloween appointments and decorations

Many Contests to Feature Election in Belle Vernon

There is no contest for the office of burgess in the Belle Vernon Borough, since William Vennell, incumbent, secured the nomination on both Democrat and Republican tickets, however there will be a fight for other local offices.

Four Democrats, Lawrence Teano, Alex Basits, Albert Dominick and George Fedarko will oppose Republicans, James R Hassen Jr., Harold T. Ringstad Jr., Kenneth Beazell and Andrew Shruber for seats on borough council. Basits and Fedarko are incumbents. John Cavanaugh and Robert Schmidt are two of the council members whose terms expire, but they did not seek re-election In fact there is presently a vacancy on council following Robert Schmidt's resignation at this month's meeting. No successor has yet been named to complete his term.

J. E. Kuhn, candidate for school director, won the nomination on both tickets. His Democrat running mate will be T Gerald Stanley, incumbent, and his Republican running mate is Harry Hackenson Jr. Two are to be elected Kuhn is presently serving.

Steven E. Smith, Democrat incumbent, will oppose Mrs Florence Hassen, Republican, for tax collector and Velma Radock, Democrat, will oppose Leonora Beazell, Republican, for inspector of election.

Ida Stanley holds both nominations for auditor and Alverta Fields won both for judge of election

W. Russell Carr is the candidate for both parties for the office of judge of the Court of Common Pleas, where only one vacancy exists.

Other Fayette County contests include that for judge of Orphan's Court between James A Reilly, Democrat, and Ross S Matthews Republican, and between James P. Gleason, Democrat, and James J. Robinson, Republican, for County jury commissioner seat.

Firemen Meet; Hear Review Of Fire Alarms

North Belle Vernon Fire Comet for a routine business session on Monday evening in the fire hall with the president Vic Silvestro in charge.

A review of the fire alarms answered during the past month constituted the major portion of the business session.

The program following was highlighted by the showing of two films, "Are You Safe in a Home" and the official pictures taken at the fire school held last summer at California State Teachers College.

Luncheon was served after the session.

On Saturday night the firemen entertained guests at the annual Halloween party at the fire hall. All members and guests were masked and many costume prizes were awarded

Games and dancing to recorded music highlighted the evening, and later luncheon was served.

When the company meets in regular session on Nov. 11 officers will be nominated for the first time.

Civic Club in Ways and Means Projects Here

The first ways and means event of the 1957-58 club season was held on Monday evening by the Tuesday Evening Civic Club. It was a card party in the meeting room of the American Legion Post 659 home.

There were 33 tables of bridge and other card games in play. The high score winner at each table was the recipient of a prize.

A large number of guest prizes were also awarded to Jean Cosner, Mary Taravano, Helen Gilmore, Vivian Jesick, Bertha Arn, Gloria Koslosky, Beverly Steer, Esther LaPointe, Mary Thomas, Ellen Snyder, Margaret Hoyes, Mary Whitelaw, Sophie Sabolek and Helen Bulger.

After play luncheon was served, and all decorations and appointments were in a Halloween motif

Mrs. Leonard Glasgow was general chairman of the party with Mrs. Charles Berkhouse and Mrs James H. Vance as co-chairmen Other members of the committee include Mrs. George Fabian, Mrs Alex Newell, Mrs. Ray Dalfonso and Mrs. Arthur Reed.

Mrs. E. C. Kearns and Mrs Kenneth Beazell are in New York City spending several days on the United Nations tour under the sponsorship of the Women's Society of Christian Service of Pittsburgh Conference Methodist Churches.

Large Crowd Takes Part in Annual Halloween Parade

Goblins, witches, ghosts and all types of Halloween figures took over the streets of Belle Vernon last night when the Lions Club staged the annual Halloween parade.

Beginning on Main St. and proceeding up State and Broad to the American Legion Home where they received prizes and a treat, the procession attracted a large crowd of spectators.

Headed by the American Legion Post 659 color guard, the parade included three musical units, Bellmar High School, Blue and Gold Cadets and Monessen Boys Brigade. Several new model cars were shown and the equipment truck belonging to Belle Vernon Fire Co. No. 2 were also in the line of march along with the mummers.

A large group of judges located on Broad Ave. awarded the following prizes: Monessen Boys Brigade, finest dressed band; Blue and Gold Cadets, most comical musical organization; Bellmar High School band, best band; Robert and Donna Sullenberger and Linda Knox, most comical group of three, Wally and Greg Medic and Judy Malek, finest costumed group.

Virginia Mateka, finest ladies' costume; Chris Kokias, most comical man's costume; Albert Mossburg, most comical ladies costume; Joyce Legg and Peggy Schnider, finest girls costumes, Donna and Becky Mutich, Mary Eileen Dunn and Robinette Jesick, finest dressed couples; Robert Lynn, most comical boy's costume; Jay Utterback, most comical girl's costume; the dancing dolls (unidentified) most comical dressed couple

Barbara Toth, most original costume. Linda, Christy and Kimmy Ringstad, most patriotic group; Peter and David Bednarczyk, most patriotic couple; Helen June Paskan, most patriotic costume; and "King Rex", a large German shepherd dog owned by Dennis Murphy, neatest appearing pet.

Harold Ringstad was general chairman, but the local Lions were out in full force selling peanuts, popcorn and candy apples along the parade route.

The Bellmar band members and the Cadets were attired in an assortment of costumes, while the Boys in the Brigade chose western attire.

All Saints Day Here on Friday

All Saints Day will be observed on Friday at St. Sebastian Roman Catholic Church. Masses will be celebrated at 5:45 a.m., 7:40 a.m., 9 a.m., and then at 7:30 p.m.

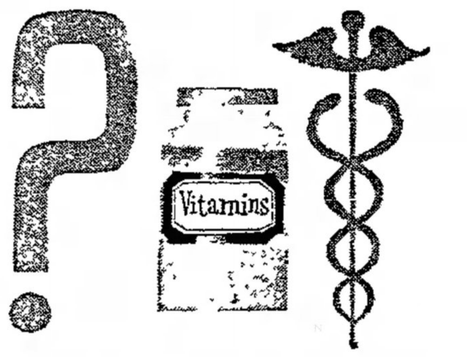
The feast of All Souls will be observed on Saturday beginning at 6:30 a.m. and continuing until 10:30 a.m., when there will be a solemn high mass offered.

The two women are members of the WSCS of the local First Methodist Church, but are not delegates on the trip. The local group has discussed plans for sending delegates to next year's sessions.

Two Greensburg Women Are Held

PITTSBURGH (UP) — Two Greensburg women will be given a hearing today on charges of stealing some $135 worth of merchandise from a downtown department store.

Detectives identified the women as Mrs. Mary Lou Orbin, 27, and Patricia Ann Getting, 24. They were arrested as they were leaving Gimbels Monday afternoon. Both were charged with larceny



Are vitamins medicine?

Door-to-door salesmen are selling "vitamin preparations" these days and you may think these are therapeutic doses. They may or may not be. Point is, that you can't know whether they are or not, and the salesman probably isn't qualified to know whether you even need them. If you do need vitamins in therapeutic quantities, only your physician can tell you what you need and how much, and only your registered pharmacist should dispense them. Where your health is concerned, always rely on competent professionals.

Footloose Lady Elephant Back In Custody Today

WINDHAM, N.Y. (UP)—Things were back to normal in the land of Rip Van Winkle today. Siam, the footloose lady elephant, was back in captivity and recuperating from a cold caught during a 13-day spree in the Catskill Mountains.

The elusive two-ton pachyderm led hundreds of searchers on a merry chase through the woods before she was finally tracked down and chained Monday near Cairo, N.Y., about 10 miles from here.

Siam lumbered off into the mountain fastness Oct. 16 after she became frightened by a galloping horse. Her captors cornered her twice Monday and each time threw a rope hobble on her. But she managed to break away. A third attempt was successful and the circus elephant was loaded aboard a truck and hauled back to her winter quarters here.

Alfred Vidbel, the elephant's trainer, said the beast contracted a bad cold and lost a lot of weight during her fling at freedom. "She's also completely exhausted," he added.

The freezing temperatures and snow flurries of the past few days, plus a lack of forage, combined to force Siam back to civilization—and her ultimate capture.

NEW LOOK AT ST. LEONARD'S — These girls are wearing the new St. Leonard uniform, a midnight navy blue jumper and white short-sleeved blouse with matching beanie. About 75 per cent of the girls have adopted the outfits on a voluntary basis. School officials predict all of the St. Leonard girls will be wearing them next year.

Girls at St. Leonard Have the 'New Look'

There's really a "new look" at St. Leonard's parochial school these days.

The girls are dolled up in neat new uniforms. They started wearing the outfits last month and already parents and students, alike, agree that the idea is just fine.

Sister Renita, St. Leonard's principal, admitted that there was some opposition to the uniforms at first. But that soon disappeared when the sporty jumpers and blouses arrived.

About 75 per cent of the girls are now wearing the uniforms. Sister Renita predicted that all of the girls will wear them next year even though the new outfit is not compulsory.

There are many advantages to the uniforms, according to Sister Renita. To begin with, it's a lot cheaper than buying regular dress.

But even more important from the school's point of view, there is no competition between the girls over fashions. Then, too, mother has no trouble sending her daughter to school without a hazzle over what to wear.

The uniforms are also designed to increase school spirit. Uniforms are symbols and people who wear them are proud to do so, it was pointed out.

The St. Leonard outfit consists of midnight navy blue jumpers and white short-sleeved blouses with sports collar. There are "beanies" to match.

On each uniform is the school emblem.

Jumpers for girls in the first four grades cost $7.50 each and blouses $1.65. Most parents have purchased two jumpers, but one will do the trick since they are washable and durable.

Girls in the upper fourth grades will pay $8.50 for their jumpers and $1.95 for their blouses.

Sister Renita said there are no plans to devise a uniform for the boys.

Court Order Bars Ousting of Negro Family

DOYLESTOWN, Pa. (UP) — A court order barring eight Levittown residents from attempting to oust a Negro family from the previously all-white community was continued Monday in Bucks County Court.

The ruling by Judge Edwin H. Satterthwaite bars the eight and all others acting with them from intimidating William E. Myers Jr. and his family.

The eight Levittown residents are charged with unlawful conspiracy in connection with allegedly harrassing Myers when he moved into the community in August.

They will be given a full hearing in December.

State Attorney General Thomas D. McBride, who is directing the state's case, summoned more than 40 witnesses to Monday's hearing, including the eight defendants.

The persons named in the temporary injunction issued last Wednesday are: Eldred Williams, James E. Newell, Howard and Agnes Bentcliffe, John R. Bentley, David L. Heller, John T. Piechowski, and Mrs. John Brabazon.

Perry's Brother Faces Eviction

HOUSTON, Tex. (UP)—Dominic Como, brother of singer Perry Como, today faced eviction from his Como Club for non-payment of $1,000 monthly rent.

The eviction was ordered Monday by Justice of the Peace W. C. Ragan on complaint of landlord Paul P. Phillips. He charged Como with "stalling" on the rent payment.

Como's wife, Mary Lou, also was scheduled to appear in court on a $42 bad check charge, but the case was postponed until Jan. 6 by Judge William A. Miller.

ELECTRIC OFFICIAL — Joseph O. Chambers, West Penn Power Co. vice-president, has been elected president of the Pennsylvania Electric Association, the organization of the state's 23 business-managed electric light and power companies. A graduate of Pennsylvania State University, he has been associated with West Penn for the past 35 years.

Legion Sees Big Vote on Korean Bonus

HARRISBURG (UP)—An American Legion official said today the veterans' organization was "confident" of a heavy turnout Nov 5 to ballot on the proposed 150 million dollar Korean bonus.

Owen A Johnson, bonus committee chairman, said interest in passage of the referendum had increased a hundred-fold during the past few days. Johnson, of Jersey Shore, said he noted a "tremendous surge" of voter interest in the bonus and an absentee ballot for civilians, the only two statewide questions to face the Commonwealth in the local and municipal elections next Tuesday.

Johnson said the Legion and other veterans' groups would have representatives at the 8 806 voting districts on election day to remind voters to approve the referenda.

Charles Ingram In Radio Company

BOBLINGEN, Germany — Army Pvt Charles E Ingram, whose wife, Alice, lives on Route 2, Monongahela, recently was assigned to the 97th Signal Battalion's Radio Company in Boblingen, Germany.

Ingram, a radio and teletype writer operator, entered the Army in March 1957 and completed basic training at Fort Carson, Colo.

The 23-year-old soldier, son of Mr and Mrs George P Ingram, 781 Cassidy Ave., is a 1952 graduate of Monongahela High School.

Trades Pay Up

WASHINGTON (UP) — Average union pay in the building trades rose to $3 21 an hour, according to U S Labor Department. On the basis of 52 weeks at 40 hours per week that would put the building trades average salary at $6,676 a year.

Our Boys in the Service

Monongahela Lad In Field Exercise

AUGSBURG, Germany — Army PFC James Bartek, 19, son of Mrs N R Watts Stephens Plan Monongahela, recently participated in Operation Damsite, a field training exercise in Germany.

The exercise included a tactical training parachute jump assault upon a simulated enemy and a withdrawal.

Bartek, who arrived overseas in March 1956, is a rifleman in Company B of the 11th Airborne Division's 504th Infantry.

The 1955 Monongahela High School graduate entered the Army in July 1955 and completed basic combat training at Fort Jackson, S C.

Bruning — Scott

RECEIVES PROMOTION — Richard S Scott, son of Mrs Nicholas Package of Fayette City, is being congratulated on his promotion to Marine Private First Class by Capt H B Bruning, Company E commander at Parris Island, S C. Scott, a graduate of Bellmar High School, was one of three Marines selected from his platoon to be promoted for "demonstrating qualities of leadership throughout recruit training." He has been assigned to Camp Lejeune, N C.

Two District Men Complete Training

Two district men have completed eight weeks of basic combat training under the Reserve Forces Act program at Fort Knox, Ky.

They are:

Pvt Alfred P Klimcke, son of Mr and Mrs Mickey Janicki, 14 Overhill Dr., Monessen. He is a graduate of Monessen High School and Pennsylvania State University and a former reporter for The Daily Independent.

Pvt Theodore K Herman, whose wife, Frances, lives on Route 3, East Monongahela. He is a 1953 graduate of Charleroi High School.

Charleroi Man In Missile Command

FORT BRAGG, N C — Pvt Charles F Buckholt, 23, son of Mr and Mrs James R Buckholt Sr., 25 Shady Ave., Charleroi, is assigned to the 3d U S Army Missile Command at Fort Bragg, N C.

Buckholt, whose wife, Gertrude, is now living in Fayetteville, N C., is a clerk in the command's Headquarters Company.

A former employe at the Grant-Bliss Hardware, he entered the Army last February and completed basic training at Fort Bragg. He was graduated from Charleroi High School in 1952.

District Men Graduate from Non-commissioned Officer School

Two district men recently graduated from the I Corps Non-Commissioned Officer Academy in Korea.

They are Army Pvt George S Evans Jr., Webster, and Army Specialist Third Class Melvin L. Smith, 21, whose parents live at 1146 McKean Ave., Donora.

A messenger in Company B of the 34th Infantry, Evans received instruction in leadership, map reading and other military subjects.

Evans arrived in the Far East last June from Fort Leonard Wood, Mo. He entered the Army in January of this year and completed basic training at Fort Knox, Ky.

Evans worked for the American Steel and Wire Co in Donora before entering the Army.

A military policeman with the 55th Military Police Company, Smith received instruction in leadership, map reading and other military subjects.

Smith arrived in the Far East last April from an assignment at Camp Irwin, Calif. He entered the Army in September 1954.

More than seven million different items are used in the construction of a modern submarine.

COMPLETES BASIC — Army Pvt Ernest F Carter Jr., son of the Rostraver Twp Superintendent of Schools, has completed eight weeks of basic training under the Reserve Forces Act program at Fort Knox, Ky. Carter, a graduate of Pennsylvania State University, makes his home at 738 Speer St, Belle Vernon, with his wife, Dorothy.

Robert Tyburski With 4th Division

Pvt Robert L Tyburski, 21, son of Mr and Mrs Benny J Tyburski, 1221 McMahon Ave., Monessen, is receiving advanced training with the 4th Armored Division at Fort Hood, Tex., in preparation for "Operation Gyroscope", the Army's unit rotation plan.

The 4th is scheduled to move to Germany early in January to replace the 2d Armored Division.

Tyburski entered the Army last July.

He is a 1953 graduate of Monessen High School.

Donora Youth With 285th Artillery

FORT BRAGG, N C — Army Pvt George E Mesher, 23, son of Mr and Mrs John C Mesher, 235 Waddell Ave., Donora, recently was assigned to Headquarters Battery of the 285th Field Artillery Battalion at Fort Bragg, N C.

Mesher entered the Army last February and completed basic training at Fort Bragg.

A 1952 graduate of Donora High School, he attended Pennsylvania State Teachers College in California.

DISCHARGED FROM NAVY — Photographers Mate 3-C Joseph Sedell, son of Mr and Mrs John Sedell, Box 745, Monessen, has been honorably discharged from the U S Navy. He was attached to the Naval Receiving Station, Norfolk, Va.

Traffic Safety Is Business of Everyone, State Official Claims

(This is one of a series of dispatches on traffic fatalities and accidents in Pennsylvania written for the United Press by O. D. Shipley, director of the Bureau of State Highway Safety.)

By O. D. SHIPLEY

HARRISBURG (UP) — Traffic safety is the business of every man, woman and child in Pennsylvania.

Death, injury and accidents ride our highways, lashing out with no respect for race, creed, color or politics—young and old alike.

Too many persons shrug their shoulders and accept the high toll —40,000 Americans killed in traffic accidents on the streets and highways of the nation last year—as the price we have to pay because we live in this age of the modern motor car and high speed transportation.

This is completely erroneous thinking; nothing could be further from the truth.

Death-dealing traffic accidents, smashups which maim others for life—are not acts of God. The simple truth is that they are caused by unsafe, rude and discourteous acts of man and are largely preventable.

Rules Must Be Enforced

In 1956, we counted 1,790 dead in Pennsylvania, victims of traffic accidents, an overwhelming majority of which were needless, senseless and shameful.

Something needs to be done and something is being done about this tragic situation, thanks to the foresight of the state administration and its grave concern about the carnage on our highways.

We need stiff, tough enforcement of our traffic rules and regulations; we must tighten up our driver licensing laws; we must have periodic re-examination of drivers; we must re-awaken parental responsibility in the matter of the teen-age driver; young drivers must be made aware of their own responsibilities, and all drivers aware that an operator's license is a legal privilege and not a right; adequate highways must be provided to accommodate the steady increase in number and use of motor vehicles, and last, but by no means least, manufacturers must cease and desist in the mad horsepower race.

Answer Is Known

We know what needs to be done. Steps are being taken to see that they are done under a broad, long-range program, but many requirements need legislation and the public is going to have to demand such legislation before it can be secured.

Determined to take every step possible and to do everything in its power to reduce needless killings on our highways, the state has inaugurated a "New-Look" type of program for Pennsylvania. This new program is geared to the so-called "Three E's" of traffic safety—the three basic fundamentals of prevention of traffic accidents:

Education—to gain a better informed public.

Engineering—to obtain better engineered highways; better traffic controls, and better directional markings, standardized signs, signals and center line identification.

Enforcement—to place a greater emphasis on realistic enforcement, eliminate unethical enforcement techniques, and adopt modern enforcement equipment and techniques.

Fatalities Reduced

That strides are being made in the right direction can be seen in the fact that fatalities on Pennsylvania highways are running below those of last year, and except for an unforeseen rash of carelessness and recklessness we can expect—as we hope—a lower death toll on the highways of this Commonwealth.

Briefly, then, these are the problems we must one and all face if we hope to improve the traffic safety situation, and the aims through which we hope to accomplish the goal.

Next, we will discuss plans which have been put into effect and are already bearing fruit and others we hope to adopt in an untiring campaign to combat traffic fatalities, injuries and accidents in Pennsylvania.

Mentally defective children are destroyed by many primitive peoples. It was not until the 16th century that the civilized workers sought methods to train and care for the feeble-minded.

CONTAMINATED DRINKING WATER Spells Sickness!

Do you or other members of your family drink water from a well, spring or other unprotected source? Then watch out! Serious illness often results from water contamination. Play safe with a Sepco all-electric Ultra-Violet Water Sterilizer. Entirely automatic. Uses no chemicals. Ideal for farms, rural homes, motor courts, camps, etc. Purifies water to meet public health standards. Write or call for booklet.

Watch the Birdie!

BRING-EM-BACK-ALIVE-CRABLE — Wallace Crable, Monessen dog law enforcement officer, tracked down the American noctural plantigrade carnivore he is holding while traveling near the Monessen side of the Charleroi-Monessen bridge. In other words, Crable caught a raccoon. The grayish-brown animal with a black cheek patch has a black and white-ringed busy tail. A pelt of a raccoon makes an attractive neckpiece.

Pittsburgh Coal Maps Go to Homebuilders

Pittsburgh Coal Co. today delivered maps of its mining operations to three groups in the homebuilding field.

This step was taken to help inform prospective home owners about the status of the company's mining operations in Allegheny and adjoining portions of Washington County and thus indicate areas where no further subsidence is to be expected.

The sets of 25 maps, drawn to scale, have been made available to the Pittsburgh office of the Federal Housing Administration, the Allegheny County Planning Commission, and the Home Builders Association of Metropolitan Pittsburgh. All three groups have indicated their willingness to cooperate in the public interest to convey the information to prospective home owners and builders.

The maps indicate by a gray shading those areas in which the company is actively mining or will mine in the foreseeable future; and by a red shading, the areas where the coal from mined seams has been removed and no further subsidence is to be expectd from such mining.

As a precaution concerning properties in marginal areas adjacent to active or future mining, it was recommended that prospective owners in such cases be referred to the company's central office at Library, Pa., for inspection of more detailed maps and precise information. As mining progresses, the company plans to supply up-to-date replacement maps.

Volcano Erupts

NEW YORK (UP) — MacKay Radio reported today a volcano had erupted Tuesday in the Galapagos Islands off Peru with an explosion and smoke that resembled pictures of an atomic blast. MacKay said the smoke rose some 3,000 feet from the first crater northeast of Istmo Perry on Isabela's Island and that a seven-mile long stream of red hot lava was flowing down the mountain side.

Named Head of Home Economics At Penn State

Dr. Marjorie East, home economics editor for a Boston publishing firm, has been named professor and head of the department of home economics education at the Pennsylvania State University, effective Feb. 1.

Dr. Grace M. Henderson, dean of the College of Home Economics, points out that Dr. East will succeed Dr. Jean D. Amberson as head of the department. Miss Amberson left earlier this year for Taiwan Normal University on the island of Taiwan (Formosa) where Penn State, under the sponsorship of the International Cooperation Administration, is conducting a program in vocational education.

Since January, Dr. Elizabeth C. Hillier, associate professor of home economics education, has been acting head of the department.

Dr. East, a native of California, is a graduate of San Jose State College and received her master of arts and doctor of education degrees from Teachers College, Columbia University.

Mattress Plant Union Is Probed

WASHINGTON (UP)— The Senate Rackets Committee called a former Upholsterers Union official today to ask him what knocked the stuffing out of the union's bid to organize a California matress plant in 1951.

Chief counsel Robert F. Kennedy said the committee would hear Michael Katz, former organizer for the Upholstery Workers, on the union's efforts to organize the San Leandro, Calif., plant of the Englander Mattress Co.

Kennedy said the committee also planned to quiz Sidney Korshak, Chicago attorney, about the mattress company's dealings with the embattled Teamsters Union. The committee was scheduled to resume its public hearings today with more testimony on the activities of Nathan W. Shefferman's labor relations firm—dubbed by Kennedy a "union-busting" concern.

Kennedy said the committee also would hear testimony on Allstate Insurance Co., the Sears Roebuck and Co. insurance agency, sometime during the day.

Joseph M. Dillon, warehouse director for the teamsters' Western Conference, began the Englander story Tuesday and quickly cast Shefferman for a role in it.

Korshak figured in Dillon's testimony in connection with later teamster discussions on Englander. The teamster official said that in 1955 he and Frank Brewster, president of the Western Conference of teamsters, were opposing the suggestion that two Englander plants in the West be included in a proposed nationwide warehousing contract.

Dillon said James R. Hoffa, newly-elected teamster president, suggested a meeting with Korshak on the problem. Dillon said he met with Korshak but they agreed to continue the West Coast plants under the separate contracts.

Other highlights of Tuesday's hearing:

—The committee said Sears, Roebuck & Co. paid $78.75 expenses for Teamster Union President Dave Beck to attend the funeral of former President Dan Tobin. Sears Vice President Wallace W. Tudor said Shefferman billed the expense to Sears as "entertainment."

DREAM HIGHWAYS FOR PENNSYLVANIA — This map shows 1,446 miles of interstate and defense highways to be built in Pennsylvania during the next 12 years under the Federal Aid Highway Act of 1956. These four-lane highways are being built to accommodate predicted traffic volumes for the year 1975. Since the map was prepared, a 102 mile highway between Pittsburgh and Erie was added as well as three short sections in the Philadelphia and Scranton areas.

Doctors Make Study of Hysteria

By DELOS SMITH

NEW YORK, (UP)—Swimming against the present-day scientific current, a medical doctor demands more attention for the "somatopsychic" and less for the "psychosomatic."

In case you don't figure it out instantly, "somatopsychic" is the influence of the body over the mind instead of the other way round which is psychosomatic.

Dr. Robert Wartenberg the dissenter against the growing popularity among medical doctors of "psychosomatic medicine" implied that nowadays many people are called hysterics who actually have a nervous disorder.

Genuine hysterics always want something—have a why they're hysterical, he said and then he commented. American women on the grounds that there are few genuine hysterics among them.

Women Sensible, Sound

"American women are too sensible, too sound and too proud to resort to hysteric dramatics and antics to get from their husbands what they need and want," he said. "They have at their disposal more refined ways and means to reach their goal."

The official organization of psychosomatic medicine has more than tripled its membership in the last few years. However, Wartenberg did not propose establishing an American Academy of Somatopsychic Medicine. But he said "great (medical) sins are committed by the designation, 'psychosomatic'."

In figuring out what causes odd symptoms in the nervous systems of patients doctors make their greatest mistakes by calling something psychogenic (originating in the mind) that is actually organic, he said. A neurologist of San Francisco he was lecturing non-specialized physicians on the meanings of obscure neurological symptoms in the Technical Journal of the American Academy of General Practice.

Merely because "something happens after emotion, is accompanied by emotion or increased by emotion, no doctor should jump to the conclusion that this physical 'something' is caused by emotion," he said.

Not Dramatic Enough

He cited a physical disorder "torsion dystonia" and said its first manifestations might be called hysteria if you were strongly psychosomatically minded. But these manifestations are not, "for the simple reason that they are not dramatic enough."

The term "hysteria," he said is "over-used and misused without rhyme or reason. Every striking emotion is often called hysteria" even when the emotion is "competely normal." Genuine hysteria is a social disease.

"Nobody is hysteric between his four walls," he continued. "An hysteric wants something. He demonstrates his disease, he is interested in it, in order to get something out of it and to get it cheaply—a hat, sympathy, recognition, escape from a disagreeable situation."

Doctors can't be too careful in deciding what is hysteria.

State's Christmas Tree Supply Almost Completely Sold Out

Even though Christmas is still two months away, the state's supply of trees has almost been completely sold out to large buyers.

Dale Jackson, Westmoreland County associate farm agent, reported today that wholesalers have been touring Pennsylvania Christmas tree plantations since early summer in an effort to obtain required supplies.

Pennsylvania is the recognized leader among all states in the production of plantation - grown Christmas trees. Over 60 million trees of all sizes and species are presently growing in over 2,000 plantations in Pennsylvania.

Buyers try to acquire the size species and quality of Christmas trees desired by people in their distribution area.

Jackson said U. S. grades for Christmas trees will become effective on Friday. These grades provide for three classes of trees U. S. Premium, U. S. No. 1, and U. S. No. 2. Trees that do not meet these grades are called culls and are not suitable for use. The culls will be sold as bough material for mantels, porches, and sprays.

U. S. Premium trees will be nearly perfect, with medium density and four complete sides, with no gaps or holes. The width of the premium tree will be between 40 and 70 percent of its height.

A U. S. No. 1 tree is also of medium density but has only three complete sides. This means that for maxium beauty, it is placed with the poor side adjacent to a wall. U. S. No. 2 trees are not quite as desirable as the other grades, for they may be of light density and have only two complete sides. This is the tree for a corner of the living room.

Jackson said the big advantage to grading is that buyers can now use their telephone to order tree supplies from Pennsylvania plantations.

Grades are used only on a voluntary basis, Jackson said.

He predicted that the state will sell one and a half million trees this year. Most large growers have already sold their stock for December delivery.

Striking Trolley Workers Get Paid

PITTSBURGH (UP)— Striking trolley and bus operators will receive their final week's pre-strike wages Thursday, the Pittsburgh Railways Co. announced today.

Federal and state mediators talked briefly with union and management representatives Monday but there was no move to bring about a resumption of negotiations. The strike is now in its 16th day.

State 4-H Clubs Will 'Brag' Just Little Bit This Saturday

The state's 4-H Clubs will take time out on Saturday to do a little "bragging."

The occasion will be National 4-H Achievement Day. That's when the list of activities for the year is reviewed and tribute paid to deserving members.

Taking part in the Westmoreland County program will be associate farm agent Dale P. Jackson and extension home economist Miriam R. Long.

In 1957 Pennsylvania has more boys and girls enrolled in 4-H work and a larger number of local leaders than in any previous year. The 4-H program is nation-wide in scope, but world-wide in influence. Saturday will see the interest centered in the local community, town or county. Through these local displays of achievement, the home folks may get a first-hand view of what their boys and girls have accomplished in 4-H during the year.

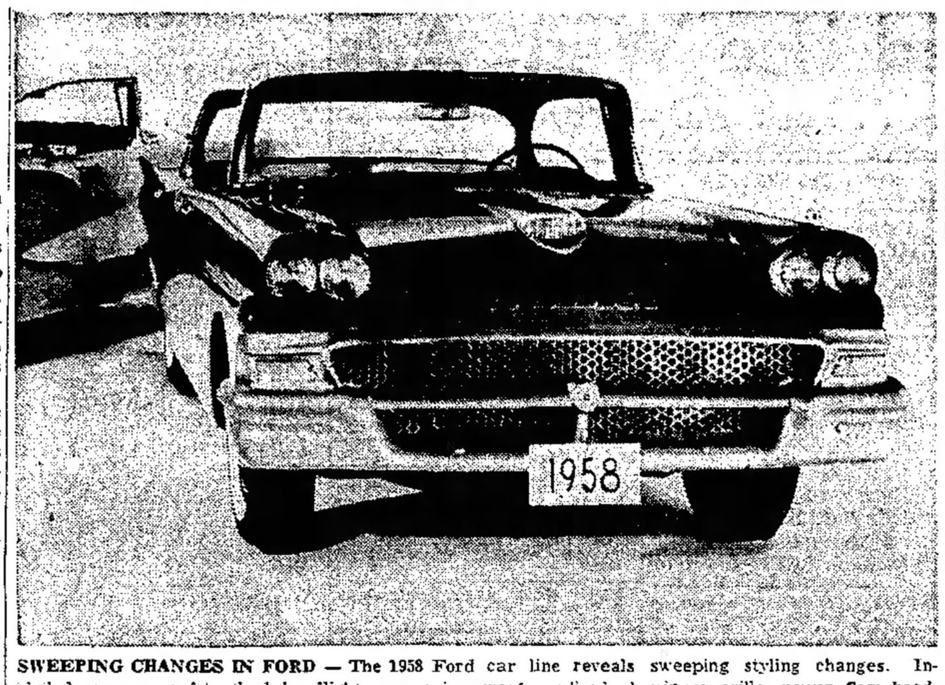
More than 36,000 different boys and girls were enrolled in 4-H Club work in Pennsylvania in 1957. These young people carried a total of 42,000 projects, in more than 2300 regularly organized 4-H Clubs in Pennsylvania.

Nearly 4,300 adult leaders serve in the Keystone State. In the home Economics there are 75 leaders and 656 projects. In the 4-H department 34 leaders, 29 clubs, 538 members 667 projects.

A special radio broadcast will be conducted over WHJB, Greensburg, at noon on Saturday. 4-H club members will be interviewed as well as 4-H leaders. A review of the national awards program will be discussed.

In addition club members will give talks on their work to various farm groups, civic and service clubs, and other groups. Leaders, parents, and extension representatives will attend and take part in luncheons, banquets, and other events designed especially to honor the achievements of 4-H members.

Work in 4-H is a part of the system of cooperative extension work which the USDA, the state land grant colleges, and the counties share. The state extension service gives state leadership to the program. County agents and extention home economists, employees of the state extension service, conduct the work in their respective counties with help of parents and local leaders.



SWEEPING CHANGES IN FORD — The 1958 Ford car line reveals sweeping styling changes. Included are new safety dual headlights, corrosion-proof anodized aluminum grille, power flow hood, slip stream roof, sculptured inverted V trunk lid and twin safety taillights. Engineering advances include a new transmission and optional suspension.

Reports Net Income Down

PITTSBURGH (UP) — National Steel Corp. today reported net earnings for the first nine months of the year of $34,149,931, compared with $35,476,059 for the same 1956 period.

Earnings amounted to $4.60 per share, 20 cents less than last year. The nation's fifth largest steelmaker said a two-week shutdown at the Detroit plant of National's Great Lakes Steel Corp. cut back earnings.

Sales were reported at $193,065,495 for 1957, an increase over the $480,985,383 in the first nine months last year.

Third quarter income amounted to $8,041,074, or $1.08 a share in 1957. In 1956, income for the same period was $6,514,649 or 88 cents a share. The 34-day nationwide steel strike curtailed last year's third quarter production.

Thomas E. Millsop, National president, said 1957 production was interrupted at Detroit to permit reconstruction of reheating furnaces serving the 96-inch continuous hot strip mill.

A presumptive heir is one who is a present heir to another but whose claims may become void by the birth of a nearer relative.

Senate Hearings End in Uproar

MEMPHIS, Tenn. (UP)— The Senate Internal Security subcommittee hearings ended in an uproar here Tuesday with Sen. William Jenner (R-Ind.) denouncing Mrs. Grace Lorch as a "Communist organizer" and threatening to cite her for contempt of Congress.

An overflow crowd broke into loud applause and rebel yells as Jenner pounded a clinched fist on the table and told the Little Rock, Ark., housewife and integrationist leader that she should be "cited for contempt."

The contempt threat came after Mrs. Lorch ignored the committee's questions Tuesday and tried to read a prepared statement attacking the subcommittee and its chairman, Sen. James O. Eastland (D-Miss.).

Shortly afterwards, Eastland and Jenner made the surprise announcement that the hearings here had ended. They were to run through today.

Jenner said it was decided to cut the hearings short because of "uncooperative witnesses" who invoked the Fifth Amendment and the fact that many witnesses were excused from appearing here.

Mrs. Lorch, who once tried unsuccessfully to enroll her daughter, Alice, 13, in a Negro school at Nashville, Tenn., clutched a prepared statement when she took the stand Tuesday. The day before she had refused to appear before the subcommittee in a closed hearing.

She received wide publicity when she shielded a Negro student from a jeering white mob after the Negro girl had been turned away from Little Rock's Central High School by national guardsmen.

Offspring of the common opossum, the only marsupial living in the United States, are hardly bigger than a honeybee. Babies scramble into their mother's pouch and remain there until they are big and strong enough to thrive in the outside world.

State Cancer Society Reports On 1957 Crusade

The Pennsylvania Division of the American Cancer Society has received $1,562,89 from citizens of the Commonwealth who contributed to the 1957 April Cancer Crusade, it was announced today by Maj. Gen. Henry K. Fluck, state Crusade chairman.

This is the largest amount the Society has ever received in the state division which had a goal this year of $1,500,000.

General Fluck said that more than half of this amount will be expended in local programs.

"Funds for use within the state amount to more than $937,000 and will provide medically indigent cancer patients with free nursing care, supply free dressings to all cancer patients who request them, furnish life-saving cancer educational material to the public, and give other community cancer services." Gen. Fluck stated.

The remaining sum will be allocated for cancer research throughout the United States and for national projects to develop educational aids for both professional and lay persons.

"Of these funds, approximately $437,000 will be allocated to the national cancer research program to find the cause of cancer and means of preventing it."

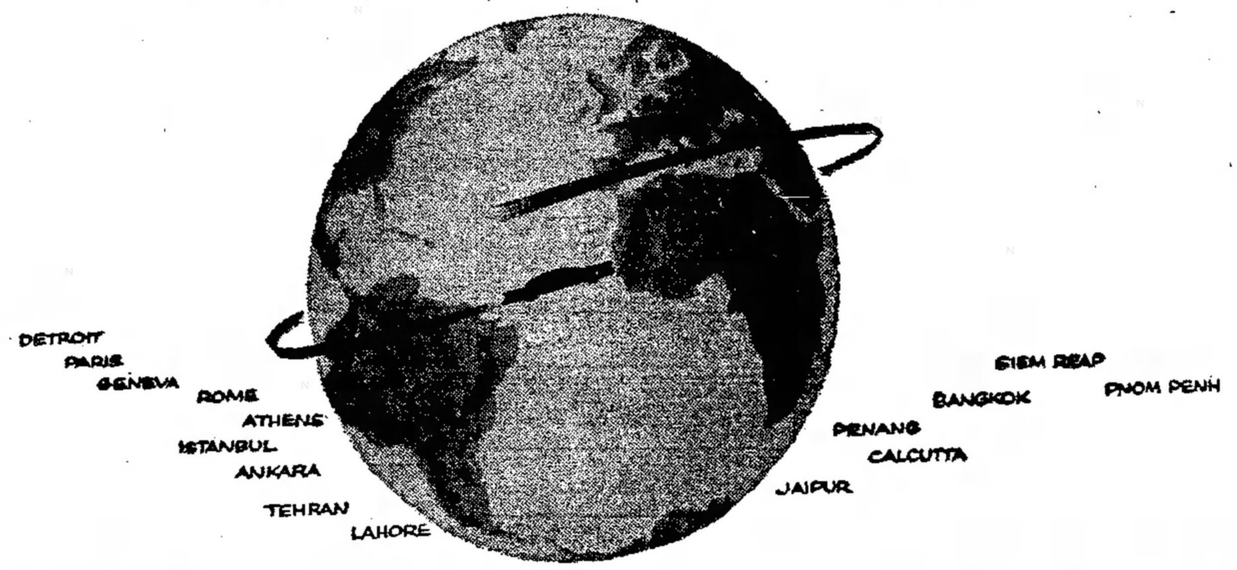
58 FORD COMING NOV. 7 Nothing newer

AROUND THE WORLD



The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started--Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower. It was greeted by the great Paris couturieres at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world. It followed the historic Road to Rome, to stand in the square of St. Peter's before the Vatican. The drivers threw coins in the Fountain of Trevi, and went out the Appian Way to Venice.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon.

Into Turkey: and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosporus and the Golden Horn.

And then the 58 Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan, all the way into the lilac-scented capital, Kabul. And thence over the trail of history, along the route Alexander the Great followed with his chariots, to cross the historic Indus river.

On and on the Ford moved, down into the beauty and heat of mysterious India, through New Delhi to the crystal-white beauty of the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur for a welcoming parade of elephants, and through Banaras and on down to Calcutta.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

It forded jungle streams to stand beside the ancient golden Royal Barges of Siamese Kings. Then it plowed on to the jungles of Cambodia to reach the most fantastic temple of all, the strange ruins of Angkor Wat, eighth wonder of the world. Thence into Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Michigan.

The 58 Ford...has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around *value* can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is *value*: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is *value*.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!

proved and approved around the world

ANNOUNCEMENTS

1 Death Notice

CHASKO — Paul J., 604 8th St., Charleroi, died Oct. 28, 1957, at 6:05 p.m. in the Charleroi-Monessen Hospital. Surviving are his wife, Mrs. Vincencia Vadovic Chasko; two sons, Paul Jr., Pittsburgh and Jerome, Charleroi; brother, Andrew, Munhall; three sisters, Mrs. Michael Roman and Mrs. Andrew Girman, both of Clairton and Mrs. John W. Schrock, Charleroi. Friends are being received at the Michael A. Melinchak Funeral Home, Charleroi, from 1 to 5 and 7 to 10 p.m. Services will be held Saturday, Nov. 2, at 9 a.m. from the Sts. Cyril & Methodius R.C. Church, Charleroi. The Rev. John P. Sedlak will officiate at requiem high mass. Interment will follow in Calvary Cemetery. Michael A. Melinchak, funeral director.

CUPPETT — Grover C., 62, of 412 Fallowfield avenue, Charleroi, died October 29, 1957 in the Charleroi-Monessen Hospital. He is survived by his wife, Mrs. Clara Knox Cuppett; one son, Donald, J., of Newark, N. J.; one daughter, Louise Cuppett, of East Orange, N.J.; his father, O. D. Cuppett, of Confluence; two brothers, Darwin, of Confluence and Hugh, of Addison; one sister, Mrs. Ireta Burnsworth, of Confluence. The family will receive friends at the Harold R. Schrock Funeral Home, Charleroi, from 1 to 5 p.m. and 7 to 10 p.m. Funeral services will be held Friday, November 1, at 2:30 p.m. at the funeral home with the Rev. Ernest J. Patterson officiating. Interment will be in the Monongahela Valley Memorial Park.

PASTORKOVICH — Sam, 75, 627 Summit Ave., Monessen, died Oct. 28, 1957, at his home. Surviving are a daughter, Mrs. Matthew (Mary) Gustin, Monessen; two sons, Matthew, Monessen and Nicholas, South Gate, Calif. and three grandchildren. Friends are being received at the Bilicek Funeral Home, Monessen, from 1 to 5 and 7 to 10 p. m. Services will be held Thursday, Oct. 31, at 9:30 a. m. from the funeral home, with additional services to follow from St. Hyacinth's R. C. Church. The Rev. Theodore Benkovic will officiate at requiem high mass. Interment will be in Grandview Cemetery. Robert A. Bilicek, funeral director.

2 Card of Thanks

WALSH — We wish to thank the many thoughtful friends and neighbors who extended us kindness in our recent bereavement, the death of Mrs. Mary Elizabeth Walsh. The ministrations of the Rev. Lester Crum, floral tributes, expressions of sympathy, spiritual comfort, cars loaned for the funeral and all who aided in any way will be remembered with gratitude.
Daughters and Families.

3 Memorials

In loving memory of our dear brother, Joseph Marino, who died 11 years ago today, October 30, 1946.
They say time heals all sorrows, and helps us to forget.
But time so far has only proved how much we miss you yet.
God gave us strength to fight it and courage to bear the blow,
But what it meant to lose you, no one will ever know.
Sadly missed and deeply loved by his brothers and sisters.

In loving memory of our dear mother and grandmother, Mrs. Augustine Delzangle who died July 24, 1949, on the occasion of her birthday month, October.
When life threatens to make us blue,
We cling to a memory to carry us through,
Feeling that somewhere you are standing by
Ready to help when you hear us cry.
And so dear mother your life of love
Is a precious treasure from heaven above.
Your grave we tend with tender care
For part of our heart is buried there.
Sadly missed by Sons, Daughters and Grandchildren

In loving memory of our dear daughter, mother and grandmother, Mrs. Mary Lennon, who died three years ago today, October 30, 1954.
You are not forgotten, loved one,
Nor will you ever be
As long as life and memory last
We shall remember thee.
We miss you now, our hearts are sore,
As time goes on we miss you more.
Your loving smile, your gentle face,
No one can fill your vacant place.
Sadly missed by Mother, Children and Grandchildren

In loving memory of Pvt. Salvatore A. Orlando who was killed in action in Holland 13 years ago today, Oct. 30, 1944, during World War II.
Sadly missed by Wife, Mother and Sister.

11 Business Opportunities

Ohio Oil Boom
Under Way

Elgin J. Brandes this week reported the completion of his fourth successful Oil and Gas Well in a row in Eastern Ohio. All four Wells were completed by Hydrafrac, the new method which has been used in drilling over 1,000 new producing Oil and Gas Wells in Ohio during the past two years. The Hydrafrac score for Ohio's Clinton Sand field is phenomenal — 8 producers out of each 10 wells drilled.

Brandes' group holds 35,000 acres under lease, including 15,000 acres in the area of the big Benedum Oil Well reported in the Oct. 7th issue of Time magazine as a 6,720 bbl. gusher. Brandes has seven more wells scheduled for drilling this year. Residents of Pennsylvania can buy interest in one well or several wells. Your investment is 100 per cent deductible for tax purposes — also 27½ per cent of profits are tax free. For complete details write to Robert Hollick, P. O. Box 416, Roscoe, Pa.

Gibsonia Phone Rates Boosted

HARRISBURG (UP)—The Freeport Telegraph and Telephone Co. Gibsonia, will raise rates an estimated $24,800 annually Nov. 1 for its 1,978 subscribers in Allegheny, Armstrong, Butler, McKean and Westmoreland counties.

The Public Utility Commission said the hike was the first general boost granted the firm since 1925. The company said it needed the additional revenue to meet higher operating costs.

Present and new monthly local charges: Residential, single line, from $2.50 to $3.75; two - party, from $2.25 to $3.25; multi-party, $2 to $2.95. Business, single line, $3.50 to $5.25; two-party, $3.25 to $4.50; multi-party, $2.75 to $3.75.

Alcoa Reports Income Is Up

PITTSBURGH (UP)—Aluminum Co. of America today reported third-quarter income of $21,523,928, or $1.01 per common share of stock on sales of $232,754,904.

During the same period in 1956, Alcoa's net income was reported at $19,455,785, or 91 cents per share, on sales of $210,041,759.

Net income for the first nine months of 1957 was reported at $59,562,907, compared to $69,511,089, for the same period last year. Earnings per common share for the period amounted to $2.80.

Sales and operating revenues for the first three quarters were reported at $656,014,623, compared with $656,243,482 last year. Common stock shares showed an increase of 65,737 for a total of 20,601,752 shares.

Pacific Islanders Do Not Need Civilization

NEW YORK, (UP)—Two scientists who looked over the happy inhabitants of "one of primitiv man's last stands" on this earth, were anything but certain tha they could be benefited by the "benefits" of our civilization.

"It must not be forgotten that although they have no doctor, neither do they have a policeman," the scientists reported.

"Though they have no hospital, neither do they have a jail.

"Though they have many deaths from unnecessary causes, they have no murders, and even though they may be hungry and die of malnutrition, still they do not steal from each other.

Something to Learn

"Maybe we have as much to learn as to teach by trying to bring these people into our sphere of influence."

These people, numbering around 1500, inhabit Orchid Island which has about 18 square miles and is a dot in the pacific 50 miles off the coast of Formosa. The scientists were Drs. James P. Ward and Hsu Shih-Chu who reported to their alma mater, the Harvard School of Public Health.

Civilization has persistently passed Orchid Island. For one thing, ships can get not closer than several hundred yards from the coast. Primitive native canoes then remove passengers and cargo. For another, the island has no exploitable resources of any kind.

"The people are small, undernourished, illiterate and extremely friendly," the scientists reported.

"Their total occupation seems to be to find food; this consists mostly of fish and taros," the latter being a plant cultivated for its edible, starchy roots.

No Property Owners

"Property is not actually owned by anyone and there seems to be few disputes which cannot be settled privately. Whole families live in one-room thatched huts with plank flooring. Most cooking is done outdoors. In visiting several of these homes, we saw no evidence of furniture of any kind."

The clothing of these happy people is "whatever is given them." It used to be more or less nonexistent but in the last few years it has been "much improved" by missionaries who supplied the women with dresses and the men with a few shirts.

"The men still have not adopted the western style of wearing pants," the scientists said, "though they will occasionally put on a shirt to come to the magistrate's office."

As public health doctors, they could only deplore "health facilities and conditions." Why, "there are not even partially trained midwives; child-birth is primitive and hazardous!"

Prudential Co. Manager Here To Attend Parley

Roland E Bunting, manager of the Prudential Insurance Co.'s Monessen district, will attend a field management advisory committee conference in the company's home office at Newark, N. J., on Oct. 30 and 31.

Bunting is one of 35 men who will meet with company executives to review Prudential's district agencies operation.

Each committeee member has an outstanding sales management record. Last year Bunting's Monessen district was one of the company's top sales organizations.

Bunting joined Prudential as an agent in 1939. He assumed charge of the Monessen district in 1955. He lives at 16 Rex Blvd.

In Hollywood—

Studios Having no TV Success

By VERNON SCOTT

HOLLYWOOD (UP) — Movie studios have had singular lack of success at turning out top-rated TV shows The switch from wide-screen to mico-wave seems too tough for the big fellows to handle.

Now, however, Warner Brothers announces a major expansion program to gear itself to the demands of video.

Westerns have been the key to success for the giant studio. Its three hour-long horse operas—"Cheyenne," "Maverick" and "Sugarfoot" — have inspired the moguls to spawn still another oat opera. "Colt .45," a half-hour series.

Horror Epic Next

Next in sight is a horror epic titled "House of Wax," scheduled to go on the air next year.

Up to now the majority of Warners' 21 huge sound stages have been empty. On an average, only three pictures are shooting on the lot at any given time.

But television, the upstart industry that wrecked the boxoffice in the first place, is giving new life to the old lot.

Says company president Jack L Warner, "possibilities for television motion pictures are limitless, and Warner Brothers is prepared to meet their maximum potential"

To back up his words, Warner is building a new million-dollar television operations building on the lot.

He also revealed a TV detective series is coming up

For the first time in Cinema City history a major studio is turning out more celluloid for TV than for popcorn palaces

Initial Breakthrough

This is the initial breakthrough by a studio in the TV field Three years ago 20th Century-Fox and Metro-Goldwyn-Mayer invaded the electronic medium with promises of "major league" entertainment. They flopped Other studios stood by watching cautiously.

Surprisingly, Warners did not depend on established stars to carry the TV load—instead they called on newcomers to tote the six-guns. Clint Walker ("Cheyenne"). James Garner ("Maverick") Will Hutchins ("Sugarfoot") and Wayde Preston ("Colt 45") are foreign names to theater marquees.

Thanks to the western, movies are getting back in the saddle, and it looks as if Warner Brothers was the fastest on the draw.

Names Candidate

ASUNCION, Paraguay (UP)— The dominant Colorado Party said today it had chosen President Alfredo Stroessner as candidate for re-election in the presidential elections scheduled for next March. Stroessner immediately accepted the nomination, the party said.

World of TV—

Husband, Wife Team Have Busy Weekend

By WILIAM EWALD

NEW YORK (UP) — Each week end. Andre Baruch and Bea Wain, a husband and wife team of curious working habits, take up temporary Manhattan residence on the sixth floor of 39 West 66th St.

They live in a single room furnished in a style that might be called contemporary Bowery. Its fixtures include a long wooden table, a few bruised chairs, a green couch and a piano of some antiquity. The room has no windows. The bathroom is down the hall.

Their home is a radio studio of the American Broadcasting Network The Baruchs live in the studio each Saturday and Sunday. No other couple can make that statement.

A Few Hours Sleep

"We do take a few hours off to sleep overnight in a nearby hotel," says Baruch who over the past 5 years has served in capacities as diverse as disk jockey, baseball announcer and commercial spieler for "Your Hit Parade."

"But the major portion of the weekend we spend right in the studio. We have what, I guess, is the toughest schedule in the business. We do 32 five-minute weather shows a week. 22 of them on Saturday and Sunday. They're all live and we try to make little productions out of each of them with comedy and music.

"The personnel around us keeps changing, but not us. We wear out six directors, seven engineers and three pianists each weekend."

Bea, married to Andre for 19 years and the mother of a girl and boy, confesses their social life has been torpedoed since they took over their assignment on Sept. 21.

10-15 Minutes Free

"On weekends, we get about 10 or 15 minutes free between shows —when we aren't writing or rehearsing," she says. "But what can you do in 15 minutes? And the rest of the week, I just want to rest and get acquainted with my family again."

So far, the Baruchs have managed to hold up pretty well under their grinding schedule (Andre also has another Monday-through-Friday one-hour show on the same network plus TV and film shorts assignments), but they did have one close call a couple of Saturdays ago.

"Our piano player and I sent out for ham sandwiches and got food poisoning," says Andre. "He collapsed four minutes before a show and I collapsed right after it. A doctor put me to bed and Bea had to do five shows alone before I managed to stagger back."

Truman Gives OK To Sen. Symington

OMAHA, Neb. (UP) — Former President Harry Truman, holding that any good Democrat is better than any Republican, said he would support Sen. Stuart Symington (D-Mo.) if he runs for president in 1960.

Truman, a guest of the Strategic Air Command, kept to domestic politics Monday and declined to answer questions dealing with foreign policy or Russian claims of superiority.

Your Health—

Too Much Water Is Dangerous

By H. N. BUNDESEN, M. D.

Drinking too much alcohol, of course, can become a real problem. But drinking too much water can also cause difficulties under certain circumstances.

Toxemia is a major complication of pregnancy. It's something all expectant mothers must do all they can to avoid.

Toxemia can be brought on by accumulating too much fluid. For this reason, it's probably best for a mother-to-be, at times not to drink quite as much water as she usually would.

I know that a great many of you firmly believe that pregnant women should drink a lot of water to "flush their kidneys." This unfortunately, is a common misconception and, as you can see, it is a dangerous one.

The average woman gains between 20 and 25 pounds during her pregnancy. At birth the average baby weighs around seven pounds, although there are many perfectly healthy babies who weigh either more or less.

Accumulation of fluid in the mother's tissues makes up the remainder of the weight gain.

This brings up another matter I'd like to discuss briefly — the question of weight.

Some women become "as big as a house" during pregnancy, using the excuse, "I have to gain weight."

A normal weight increase of 20 to 25 pounds is expected, as I said. But chances are you are just pampering yourself with too many goodies if you gain much more than that.

As a matter of fact, there have been some women who have given birth to a full-term baby, normal in every way, who actually lost weight during their nine-month period of pregnancy. They accomplished this simply by watching what they ate.

Doctors as a rule don't advise losing weight while expecting a baby. But neither do they suggest you eat too much.

Question and Answer

E. M.: Can prostate trouble be helped without surgery?

Answer: Certain cases of mild prostate trouble can be helped by massage and the use of certain antibiotic drugs, either taken by mouth or injected directly into the prostate gland.

Nautilus Within 180 Miles of The North Pole

GROTON, Conn. (UP) — The atomic-powered submarine Nautilus traveled within 180 miles of the North Pole during the five and one-half days she was submerged exploring the waters under the Arctic ice pack, the Navy disclosed today.

The Navy said the Nautilus was out of contact with the outer world for 74 hours while nosing her way under the thick permanent ice of the polar pack.

The Navy also disclosed that the conventional - type submarine, U.S.S. Trigger, accompanied the Nautilus during part of the underwater exploration. The Trigger is the Navy's newest snorkle-type sub. It was not revealed to what extent the Trigger took part in the dangerous assignment, which the Navy described as taking the submarine farther north and at a faster speed than heretofore accomplished by any other known ship.
